## SUMMER SESSION ELIGIBILITY

The summer session program is restricted to those students who have failed a course during the academic year and who were in good attendance in that class. Specifically, a student may not have been absent more than 36 times for a full credit course or more than 13 times for a half (1/2) credit course.

## GUIDELINES FOR COURSES AND CREDIT

- All courses are to be considered make-ups. They are not intended for acceleration or enrichment.
- Credits will be granted by the home school principal upon successful completion of each course. This policy also applies to students who take courses in any New York State approved out-of-district Summer Session program.
- Laboratory requirements have to be completed during the regular school year. **The Home School Principal must sign a verification** of science lab requirements and this must be presented in writing to the Summer Session Principal during registration.
- Enrollment will be on a first-come, first-served basis according to the registration schedule. However, priority will be given to 8th and 12th graders. When maximum class enrollment (30 students) is achieved, courses will be closed. Courses with enrollments of fewer than 15 students may be closed.
- All courses offered will be subject to District pupil/teacher ratio levels.
- Students may not take more than two courses with the exception of 8th graders and 12th graders. In such cases, special permission is required from their **Home School Principal in writing**.
