

RHA Q&A

AUGUST 2024

LOCKERS

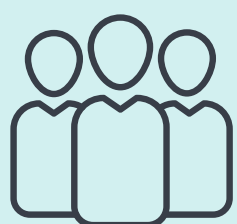

RHA currently DOES NOT have lockers in the building. As we are aware of the concern for movement and transport of belongings, there will be procedures set in place that will provide students to safe housing of belongings in classrooms, as well as intentional planning of educational material being transported such as textbooks.

TECHNOLOGY

RHA currently has laptops for ALL students (6th and 9th grades). Students will be given the opportunity to sign out assigned devices to use in school and at home.

We are still in the process of establishing a technology protocol and thank you for your patience as we navigate equitable accessibility. As the school year begins, all families will be notified of the technology protocol & procedures.

CAMPUS ACCESSIBILITY

As we officially open the doors to RHA in September, we are aware of the pedestrian and traffic concerns. As we all learn to navigate the campus and follow a uniformed procedure, we will have administration, safety officer, teachers and support staff present during peak hours to ensure the safety of pedestrian and vehicle traffic. Thank you for your patience and support. Should there be any changes in traffic or pedestrian patterns, we will notify and address the changes with all students and families.
