

Ms. Spreckman's 2nd Grade Class

Second graders did a pumpkin investigation. They estimated the number of seeds inside. They described the inside and outside of the pumpkins.

name: Ally Anderson

PUMPKIN INVESTIGATION: how many seeds?

ESTIMATION: I think my pumpkin will have 17 seeds.

RESULTS: My pumpkin had 495 seeds.

MY ESTIMATION WAS:

☐ too high

☐ just right

☒ too low

Draw your pumpkin below:

name: Trianna

PUMPKIN INVESTIGATION: inside and outside

DRAW IT!

The outside of our pumpkin looks like this:

The inside of our pumpkin looks like this:

WRITE ABOUT IT!

The outside is smooth

The inside is wet
