

## Global History Distance Learning

Mrs. Miano's class

I hope this letter is finding all of you well and healthy! As we all try to navigate the uncharted waters of the Covid-19 school closures, please have some patience as I attempt to adapt to this way of teaching and give it my best.

### ★ What should I expect online Global History to look like?

To have some continuity with what has been going on in the classroom we will continue with our daily notes review. At the beginning of next week I will post the Global II Semester review. You should review new slides daily and/or copy the notes into your red notebook (if you have it at home). Along with the daily review, I will be posting announcements regarding Castle Learning practice and supplemental lessons. These will be posted on Remind and on the Class Calendar. Please check my class page regularly for updates.

<https://www.yonkerspublicschools.org/site/Default.aspx?PageID=16480>

### ★ How will I turn in my work?

There are two ways to turn in your work.

- Take a picture and email me the completed work at [nmiano@yonkerspublicschools.org](mailto:nmiano@yonkerspublicschools.org)
- Share the document via Office 365.

Your work will only be checked for completion, not graded.

### ★ Will new material be presented or only practice of topics we've covered in class already?

We will be doing both. Different materials will be added depending on the length of time we are out. For now, be assured, IF you stay current with your posted assignments, you will be ready for the regents in June. These assignments are geared to give you an overview of the entire Global II curriculum.

*Remember, this is NOT a vacation or break, so please do not treat it as one. Upon return, you will still be expected to complete final exams, regents exams and your final grade will count towards your final average. Colleges will see this and although it is a disruption, you must continue to strive for excellence.*

### ★ What if I have a question or a concern?

Please feel free to email me with any questions, concerns, or if you need clarification about anything, or send me a message via. Remind.

I hope that you have found this helpful.

Stay Well,  
Mrs. Miano
