IB Mission Statement

The IB develops inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through education that builds intercultural understanding and respect.

The High School and Faculty

Yonkers High School is an accredited *International Baccalaureate World School*. The International Baccalaureate Diploma Programme is a demanding pre-university course of study that culminates in international examinations. The program is designed for high-achieving and academically-motivated students. Upon completion of the IB Diploma, students can gain access to the world's leading universities. In addition to the rigorous academic curriculum, we have a highly-trained and professional faculty who teach beyond academics to promote critical thinking and encourage leadership qualities in all our students. The IB Program's philosophy is grounded in the belief that the world is our global community and our responsibility, therefore, in-school curriculum and after-school activities are geared toward the development of interpersonal skills and core values. Teachers and students regularly participate in altruistic endeavors that support the needs of the local and world community. The level of commitment and dedication of our staff is evident in the success we have experienced with regard to student achievement; ninety-seven percent of the Class of 2024 were accepted into college.

The Community

Yonkers is the third most-populated city in New York State with approximately 210,000 people. Located in Westchester County, Yonkers prides itself on its multi-cultural population. The school district has a student population of roughly 25,000 representing over 100 cultures, ethnicities and nationalities.

School Mission

Yonkers High School is dedicated to delivering a curriculum with a broad global perspective. We believe that promoting student participation in the learning process, through a rigorous pre-university course of study, is an essential component of the IB philosophy. Our internationally-rich curriculum fosters integrity, leadership, moral discipline, life-long learning and positive relationships, while celebrating cultural diversity. We recognize and encourage the support of the entire community in the successful fulfillment of our school and IB mission.
