Riverside High School

Dear Parents/Guardians,

If you are receiving this letter, then your child has registered to take Intro to College Math for the upcoming school year (2017-2018). This is a wonderful opportunity for them to grow in a complicated discipline that will put those who are successful at an advantage upon entering college. Because this course is a **privilege**, appropriate rigor must be maintained. In order for your child to remain registered to take the course, they must complete a summer assignment:

Each student must register online at www.khanacademy.org (for free) and complete 12 hours of assignments (given by me after registration). The deadline for registering is July 15th. Beyond this date, your child may lose their spot in the course, to make room for another.

If there are any questions or issues you would like to discuss, let me know as soon as possible at cmboscia@gmail.com. Things can be modified on my end to accommodate your summer schedule, but I need to know soon.

Thank you for your time and have a great summer! I look forward to working with your child next year!

Instructions for registering at the Khan Academy are enclosed with this letter.

Sincerely,

Chris Boscia
Riverside Math Dept.

Instructions for Registering at Khan Academy

Use Google Chrome or Firefox browsers because Internet Explorer and Edge have some issues. On a Mac, Safari works fine.

1. Go to www.khanacademy.org
2. Up at the top-right, select **Sign in/Sign up**
3. Select **Create a New Account** (It's small, next to "forgot password")
4. Either sign in with gmail, or sign up with e-mail, then follow through.
5. Sign in to the account and click your name at the top right, then select **Profile**.
6. Select the **Coaches** tab, just underneath underneath the page banner.
7. In the **Add a Coach** box, enter cmboscia@yahoo.com
8. Hit enter or click **Join the Class**
9. Pat yourself on the back and start exploring the site, until I give you assignments to complete!
