

ENGINEERING, COMPUTER & DESIGN
FULL STEAM AHEAD
SUMMER ACADEMY

Dear Parents/Guardians,

Riverside High School cordially invites select students to participate in our annual Full STEAM Ahead Summer Academy. STEAM Academy participation introduces engineering and graphic design concepts to students interested joining Riverside's P-Tech academic program. The P-Tech, Pathways in Technology in Early College High Schools, program engages students in college credit bearing courses as early as freshmen year.

In this program, students will participate in high school orientation activities, attend thematic-based interdisciplinary courses in the areas of Science, Technology, Engineering, Art and Mathematics, and experience field trips based on this year's academy theme,

To attend Summer STEAM Academy, please go to <https://www.yonkerspublicschools.org/riverside> and follow the registration link before the August 2nd deadline. Space is limited and registration is first come first served. If you have any questions, please e-mail dsolimene@yonkerspublicschools.org

We look forward to your participation!

Dr. Don N. Solimene, Principal
