GOING TO COLLEGE SHOULDN'T BREAK THE BANK

The University in the High School (UHS) program offered by Farmingdale State College helps students earn college credits *before* graduating from high school.

Start earning credits on an official college transcript at a discounted rate.

On Long Island, the price for a single credit at a four-year college or university can range from $295 to $1,825 per credit. The cost through UHS is only **$50 per credit**. And the cost could be as low as $25 per credit if you meet certain qualifications.

UHS has supported students across more than 100 high schools and is the only four-year school on Long Island with a prestigious National Alliance of Concurrent Enrollment Partnerships (NACEP) accreditation. This speaks volumes about the quality of education students can expect at FSC.
