Preparing for College Success

# Creating an FSA ID So You Can Create and Edit Your FAFSA

- Students should Google "create FSA ID" and follow the directions to create the FSA ID--social security number is required (https://fsaid.ed.gov/npas/index.htm).

- ONE parent should make an FSA ID as well.

- These should be made up at least 24 hours before starting a FAFSA.

- The FSA ID is required to create and edit the FAFSA, which students will do every time you add a new college to their list.

- It's an important piece of information--KEEP YOUR FSA ID IN A SAFE PLACE, WHERE YOU WON'T LOSE IT AND NO ONE ELSE CAN ACCESS IT!
