### **A WORD FROM THE DIRECTOR:**

It is with great pleasure, and honor to see these amazing students graduate after being members of this academy for four years. It has been so much fun watching these young people grow up and become such exemplary young adults. I am amazed at how each of the graduates were able to handle all of the pressures and complete their academic work during this difficult time. I am going to miss all of you and wish you all the best with your bright futures.

Blessings,
