**For our first project, please create a "Name Tag".**

These name tags will be used in the classroom when we return to school, and you can continue to work on them and add to them until we all meet in person. For this project you can **write your name** and

**decorate** with pictures, words, colors, or designs that are special to you. Some ideas to include are:

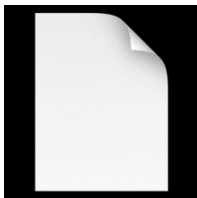

- Your favorite hobbies
- Sports
- School subjects
- Animals
- Cartoon, TV, or video game characters
- Colors
- Shapes
- Words

These are just suggestions! You can create your nametag however you want. Here are some examples:

## **Materials:**

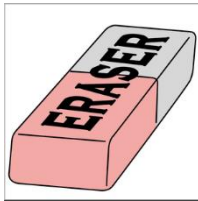

- A piece of paper

- A pencil

- An Eraser

- Something to color with (Crayons, Markers, highlighters, or Colored Pencils)

- Optional: glue, magazine images, stickers, or anything you have at home that you would like to include on your name tag.

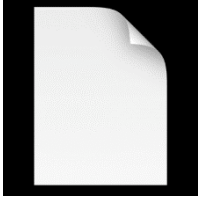

# **Name Tag Steps!**

**(We will work on this together!)**

## **Step one:**

Turn your paper so that it is vertical. Let's talk about what vertical means!

“Vertical” means that the paper is turned so that it is tall and narrow.

### **Step Two:**

Fold your paper in half.

### **Step Three:**

Write your name on the folded paper.

### **Step Four:**

Decorate your name tag with images, words, pictures, colors, or shapes.

## **Step Five:**

Keep your nametag safe for when you return to school. You can keep adding to it for as long as you would like to for the month of September. When we return to school, we will start adding stars to this name tag!
