REMOTE LEARNING

- Remote learning, whether your child is **HYBRID** or **IN-PERSON**, requires the same attention as IN SCHOOL LEARNING.
- Students are expected to log into classes on time and be prepared like any other day.
- Active learning starts with the students being attentive with a live view.
- Participation is **MANDATORY**.
- Students who do not fully engage, go live, or leave the class **will not** receive attendance or credit for the class.

EXPECTATIONS FOR HYBRID LEARNING

1. Teachers **can live stream** to students who are at home Monday, Tuesday, Thursday, and Friday so that they can participate in the live lessons being taught. Community time is to check in and ensure that students in all cohorts are socially and emotionally well and to ensure that there is time to assess that students have met the learning objectives for the lesson.
- 2. A second modality is to have **teachers pre-record lessons**. While the live group is in the classroom being instructed live by the teacher, **the students at home would be watching the same the lesson that has been pre-recorded**. Options also include available videos we access through digital resources to supplement lessons.
- 3. Another modality is to have teachers **post lessons directly into Teams**. Students at home would **work independently** on assignments and then **check in** with the teacher for understanding during community meeting time. The posted lessons should ensure **Continuity of Instruction** for students in All Tracks.

HEALTH SCREENING AND CHECKS

- Begin the Health Screening at HOME. Parents are RESPONSIBLE for checking their child's temperature and completing the COVID-19 Questionnaire at HOME DAILY.
- The **DAILY COVID-19 QUESTIONNAIRE** may be completed ONLINE. A Link is provided on our webpage starting Monday. Any response of a "YES" will require the student to be assessed by the School Nurse.
- Temperature Checks will occur **DAILY** as the students enter the building. If a reading of 100.1 or higher will have the student referred to the School Nurse immediately.
- Face Masks **MUST BE WORN EVERY DAY**. We will not compromise on **ANYONE'S HEALTH AND SAFETY!** Repeated refusal by a student will have the student moved to TRACK D.
