-----------------------------------	-------------------------	-------------	--------------

Dear Parent/Guardian: Your child's health is important to us. Each year we conduct a Brief Health Assessment on every child enrolled in the Montefiore School-Based Health Center to understand his or her health care needs. This includes checking height, weight, and blood pressure. We also review the vaccine record. This does not replace the full physical exam that children should get every year with their usual health care provider. Please include the name of your child's health care provider so we may work together in your child's care. If your child does not have a health care provider, we can do the full physical exam at the school health center. Insurance is not required. We are part of Montefiore Medical Center, and use the same medical record as the Montefiore Health System. This means we can communicate directly with Montefiore doctors through your child's medical record. We will always inform you if your child is ill and needs to leave school or seek urgent care. Please let us know if your contact information changes. To help the School Health team understand your child's health needs for ongoing care and in case of emergency, please answer the following questions.
