

# Empower students with next-gen technology.

## Free summer STEM enrichment program for middle school students

Every student deserves access to a better future. That's why we've launched the Verizon Innovative Learning STEM Achievers program—an engaging, hands-on program developed to enrich learning through design thinking, 3D printing, augmented reality, social entrepreneurship and mentorship. This program creates a more diverse pipeline for future careers in science, technology, engineering and math (STEM) fields; no prior knowledge or experience is required.

-  The program takes place over the course of one 3-week session.  
July 17, 2023 – August 4, 2023.

-  Mercy College Bronx Campus, Hutchinson Metro Center  
1200 Waters Place, Bronx, NY 10461

For more information, please contact
