

Empower students with next-gen technology.

Free summer STEM enrichment program for middle school students

Every student deserves access to a better future. That's why we've launched the Verizon Innovative Learning STEM Achievers program—an engaging, hands-on program developed to enrich learning through design thinking, 3D printing, augmented reality, social entrepreneurship and mentorship. This program creates a more diverse pipeline for future careers in science, technology, engineering and math (STEM) fields; no prior knowledge or experience is required.

 **The program takes place over the course of one 3-week session. July 17, 2023 – August 4, 2023.**

 **Mercy College Dobbs Ferry Campus
555 Broadway, Dobbs Ferry, NY 10522**
