Resource created by Melanie Lloyd for From the Pond Pty Ltd.

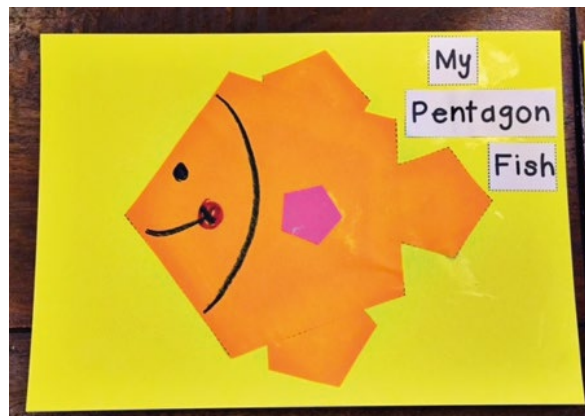

Excellent teachers have excellent resources!

Teaching Tips: 2D Shape Animal Crafts

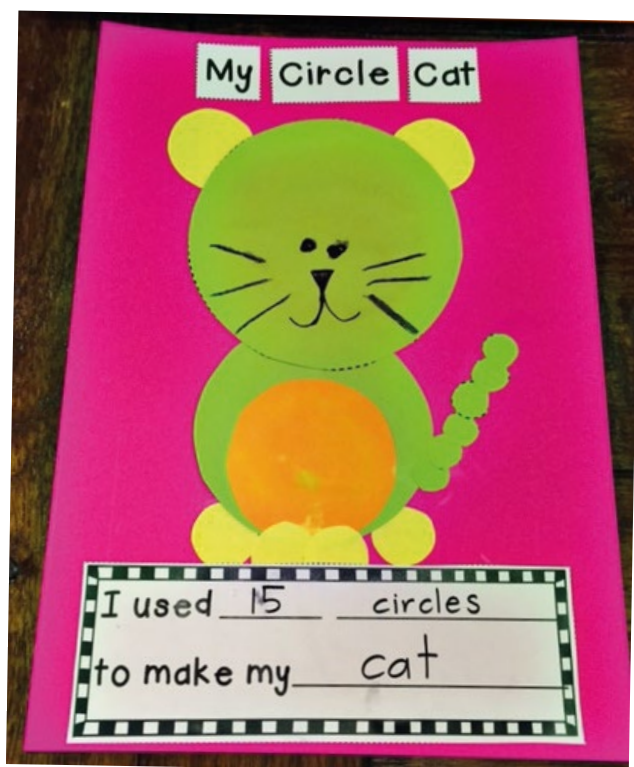

Using this file

You are able to print and photocopy these pages for your non-commercial classroom and home use. We suggest that teachers make each craft before you implement this activity with your students so that you have a clear idea of the order to layer the shapes.

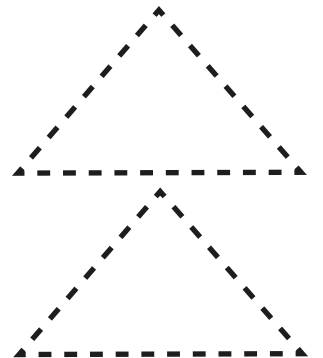

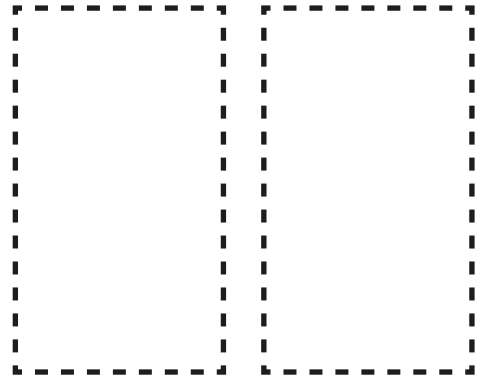

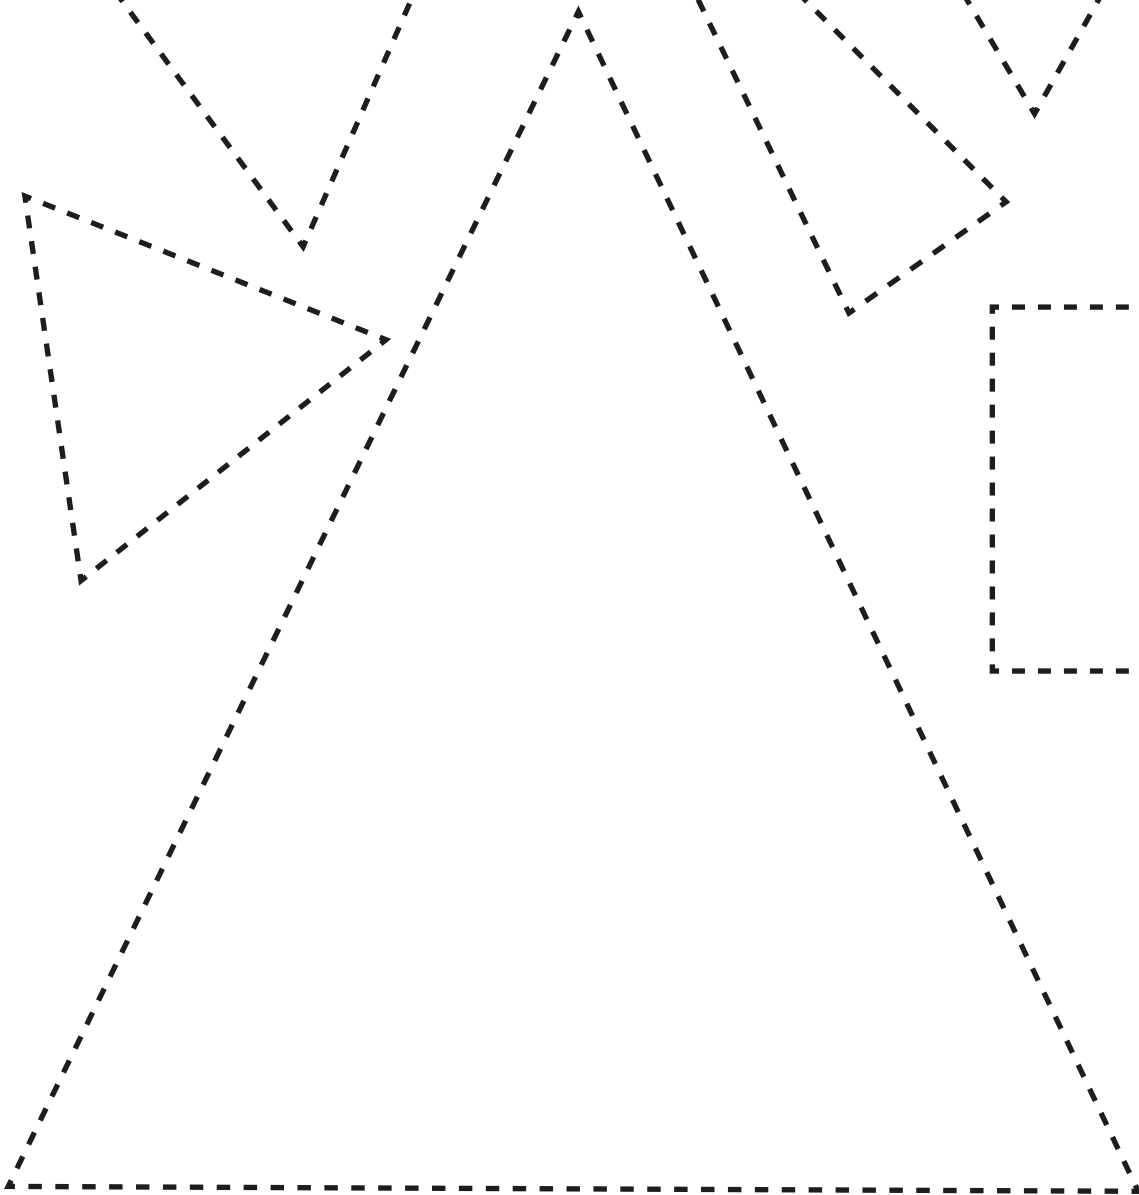

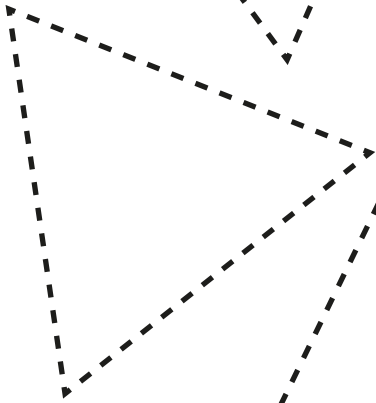

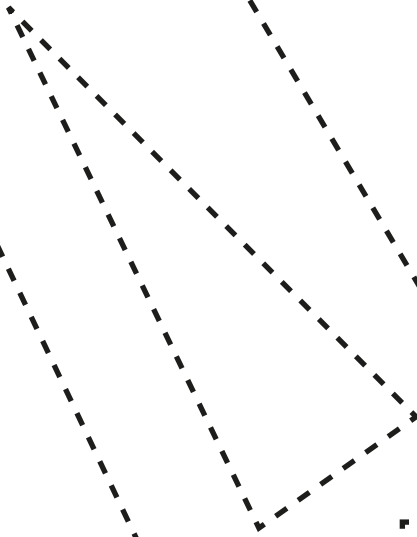

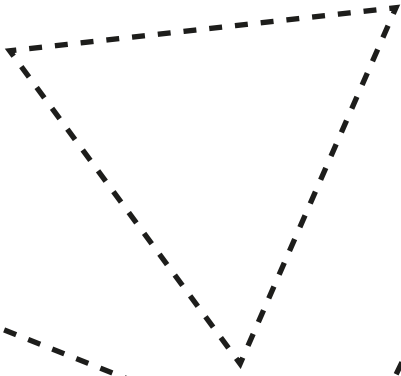

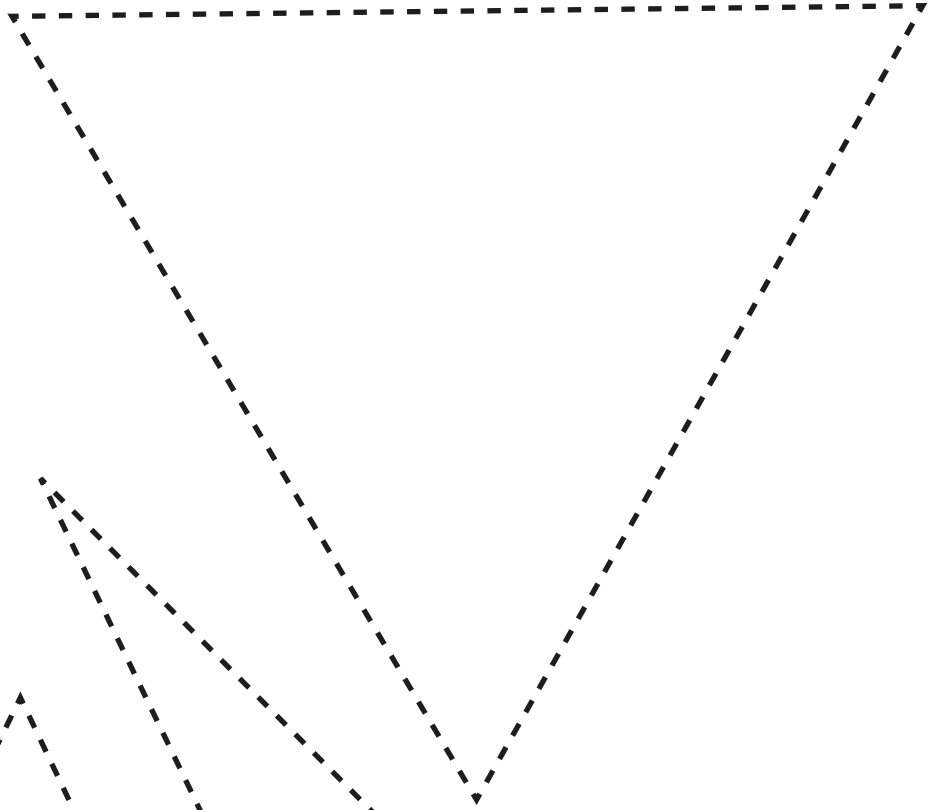

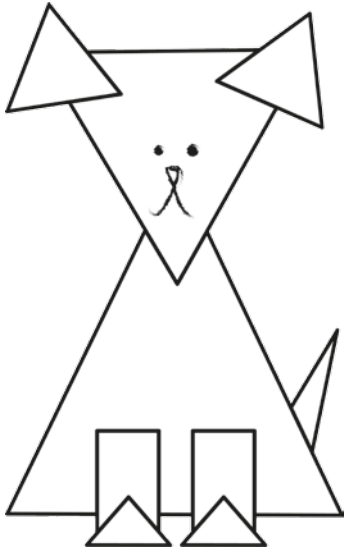

Make the animals in one color or create a 'rainbow' effect by using different shades of paper. This will assist in students layering and counting the shapes they have used.

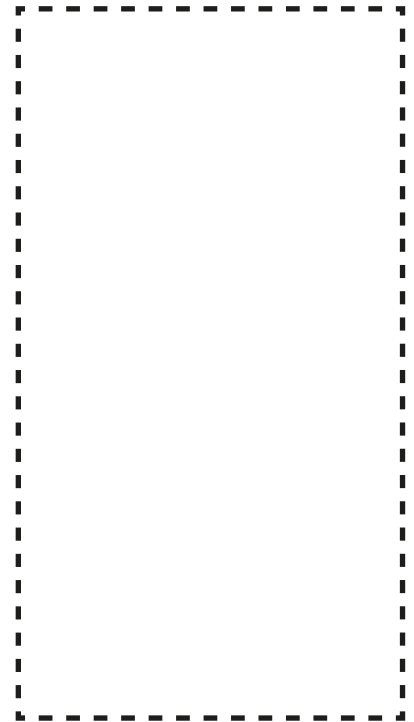

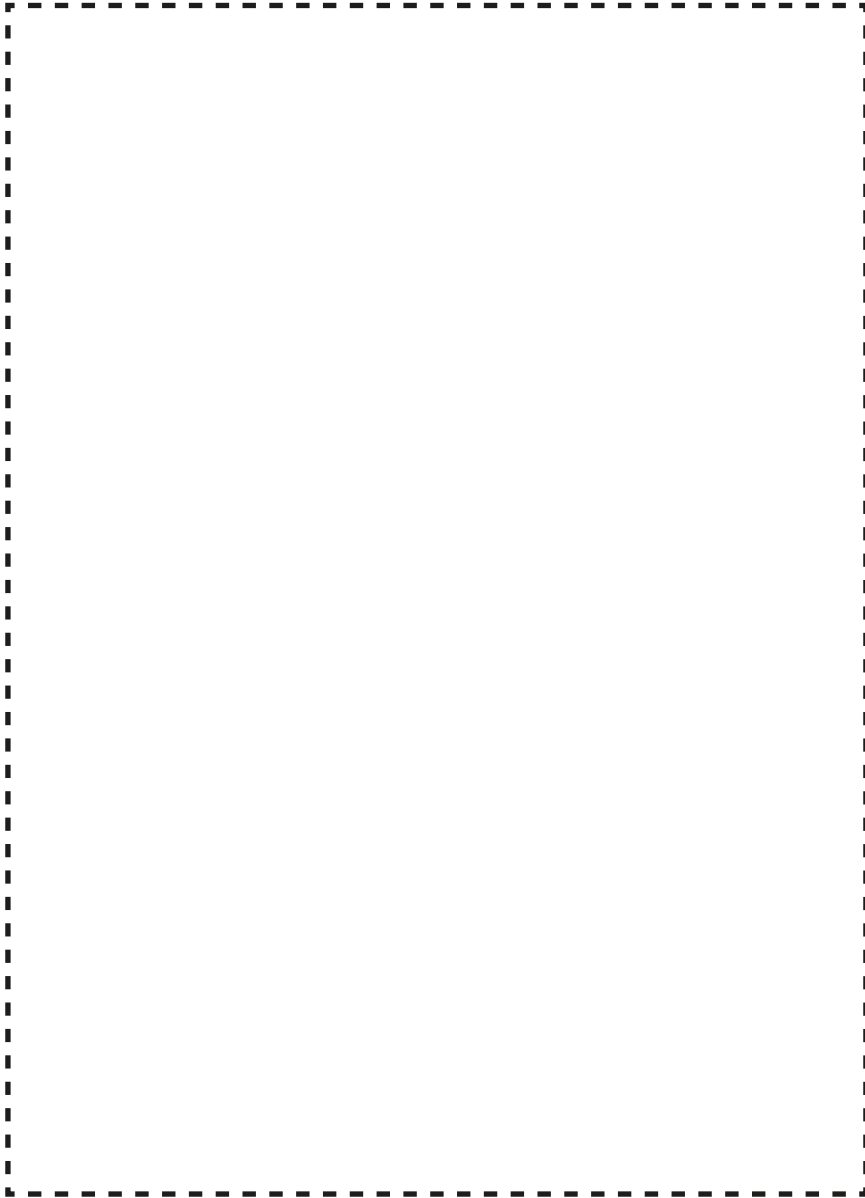

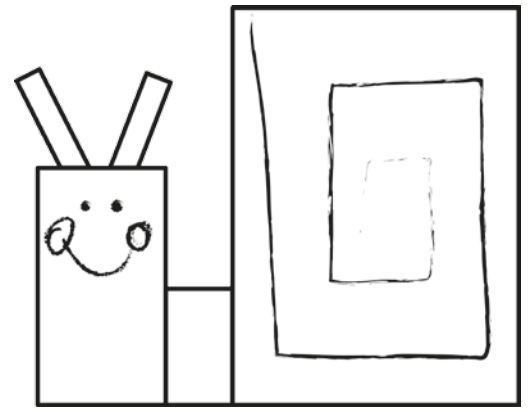

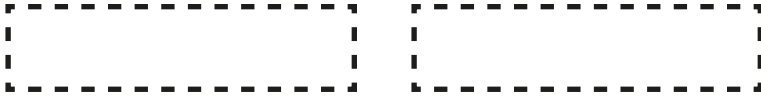

An option is to attach a recording sheet to your craft and fill in the information to display with your craft.

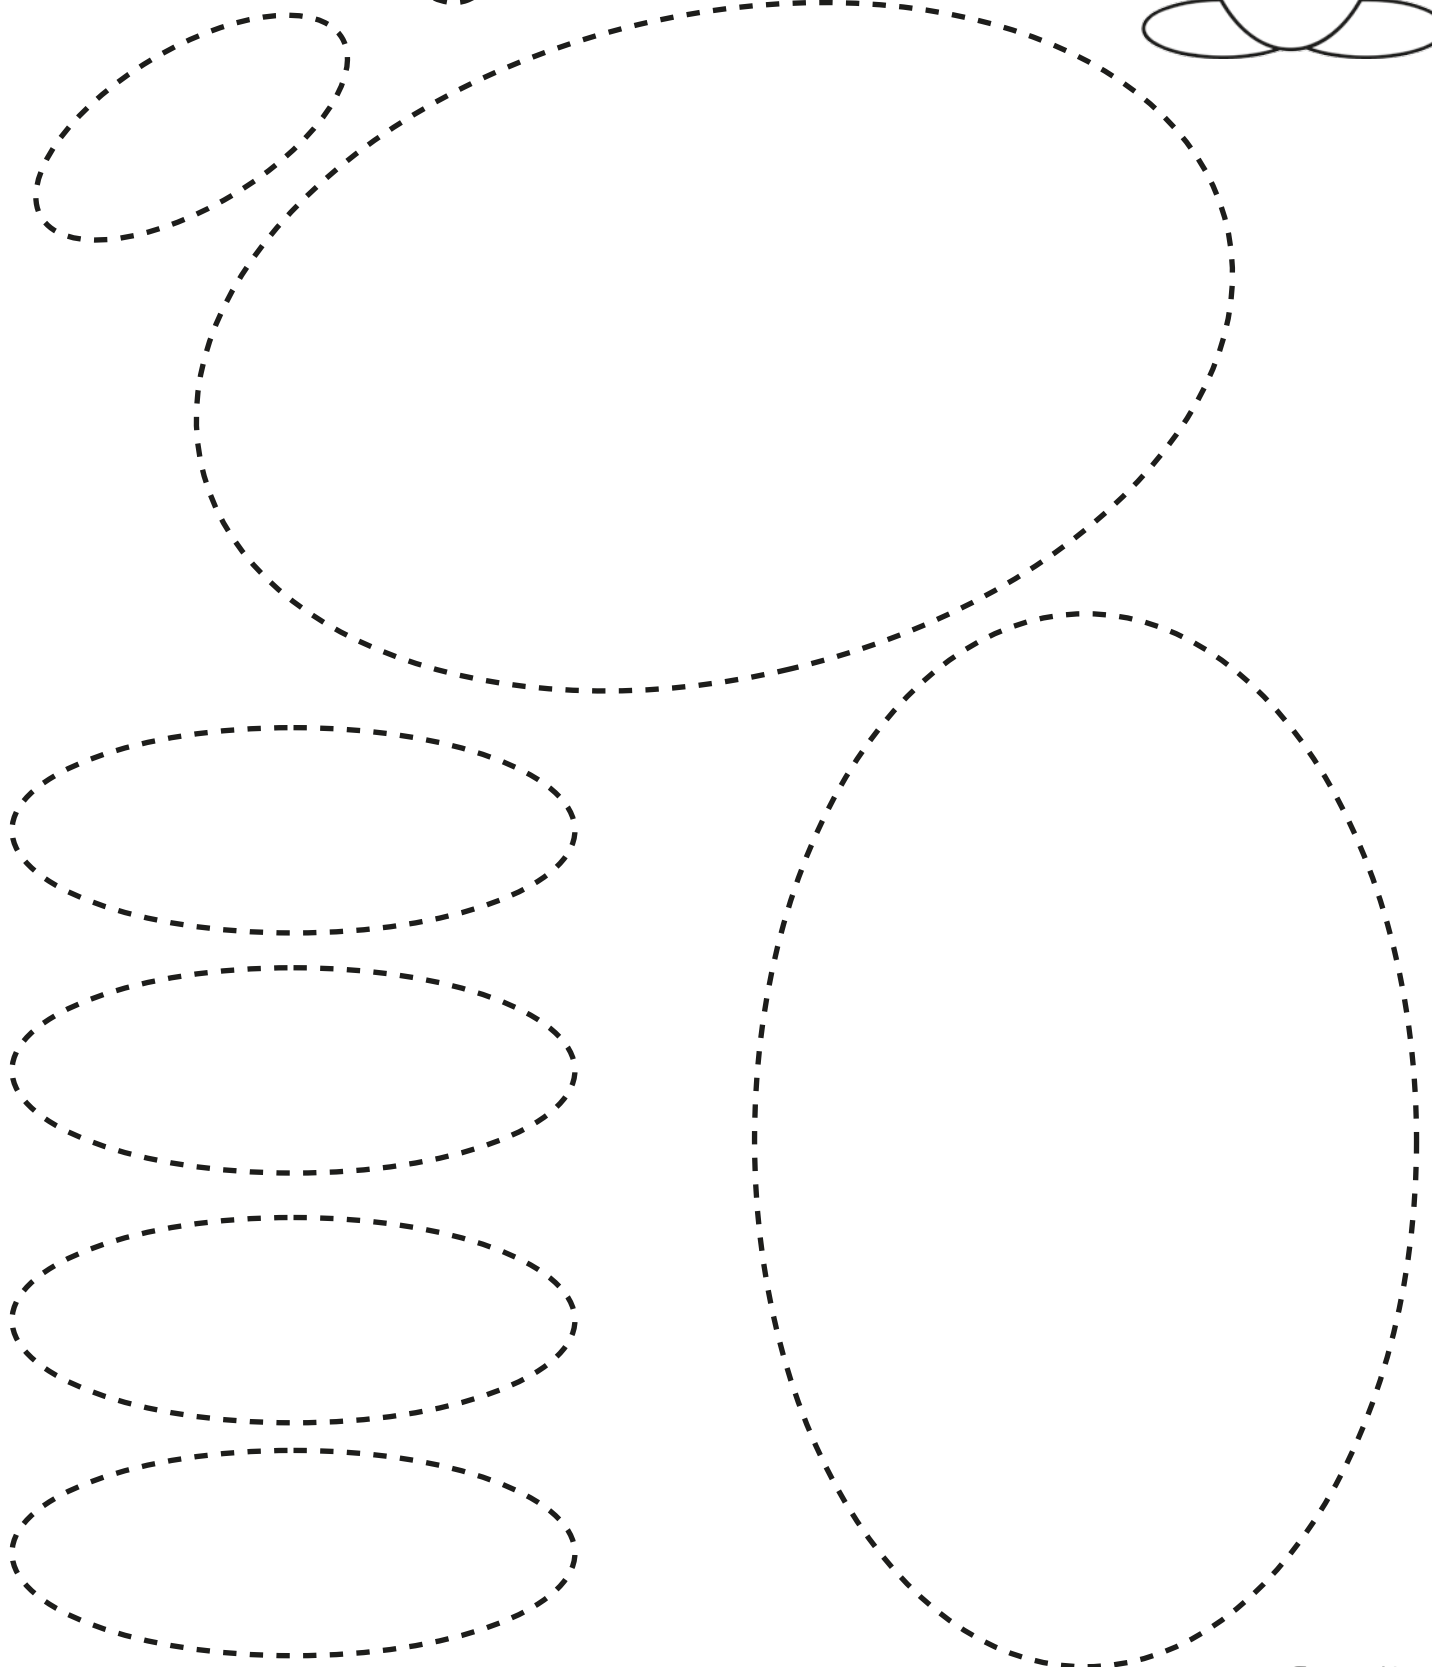

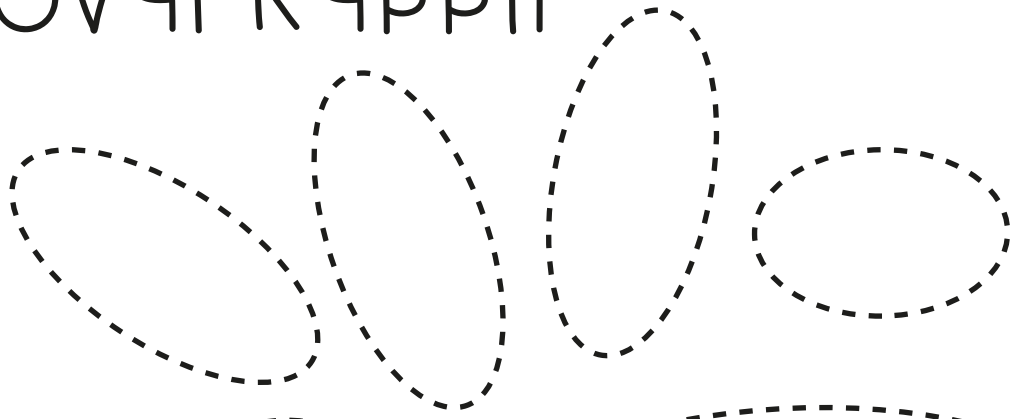

Triangle Puppy

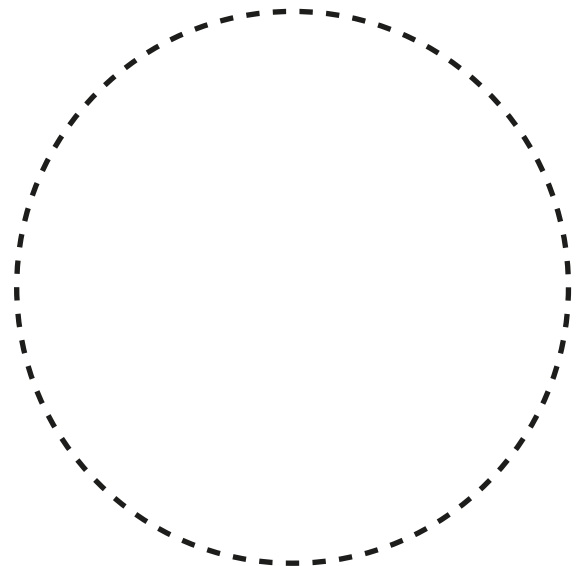

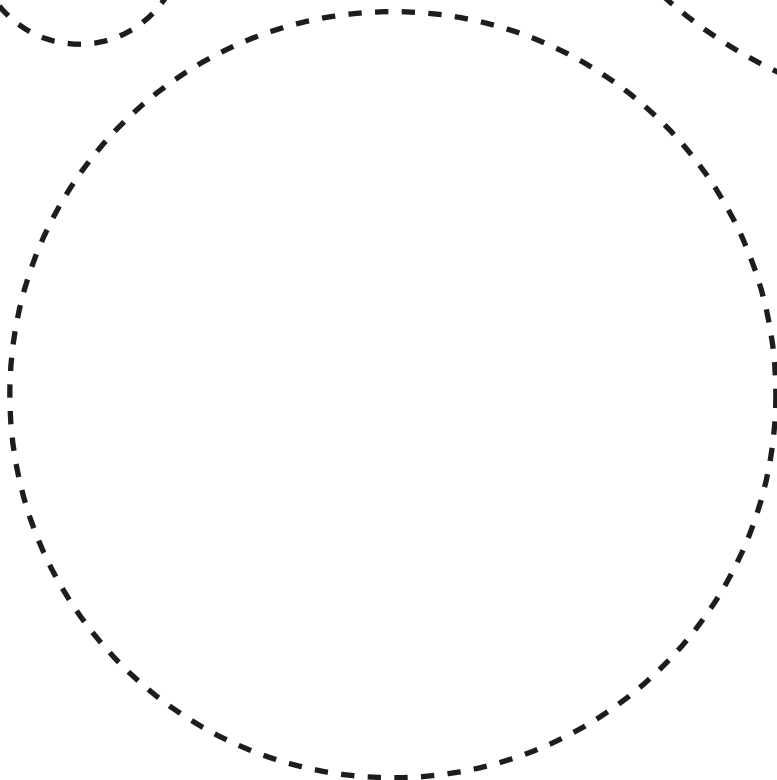

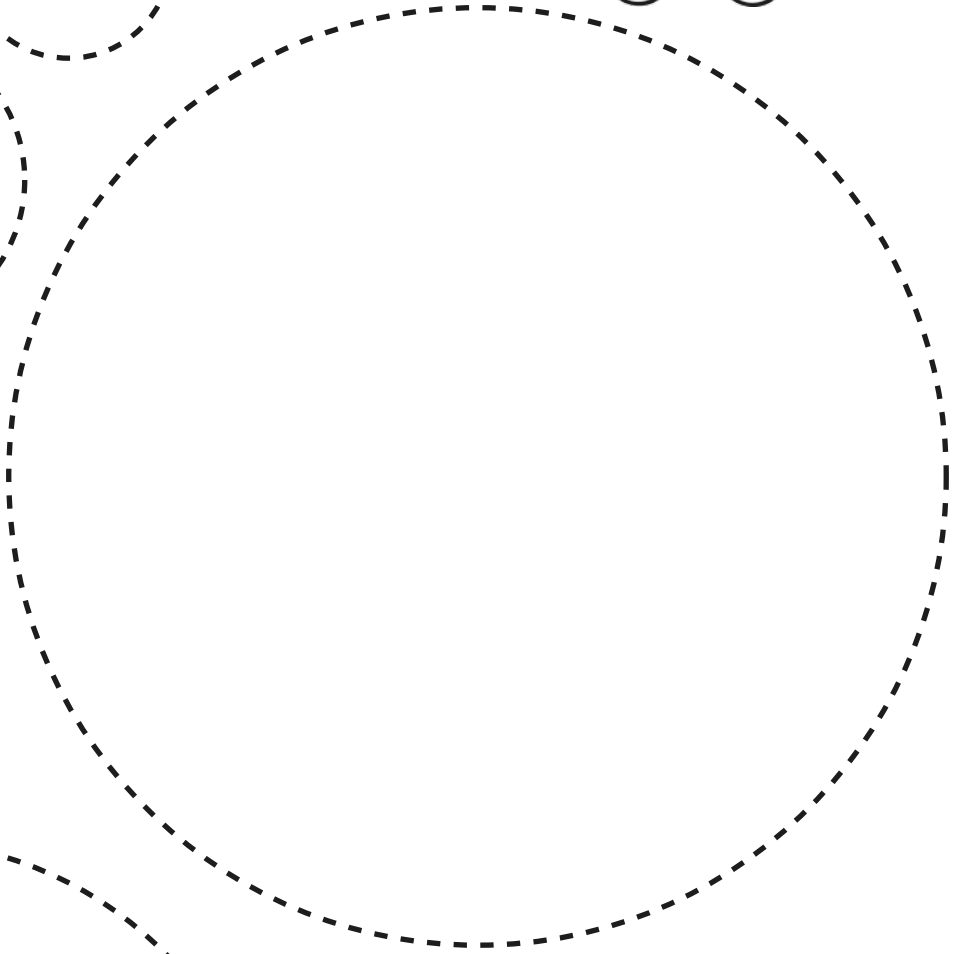

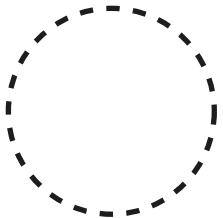

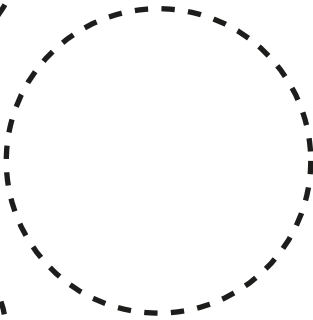

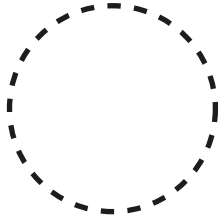

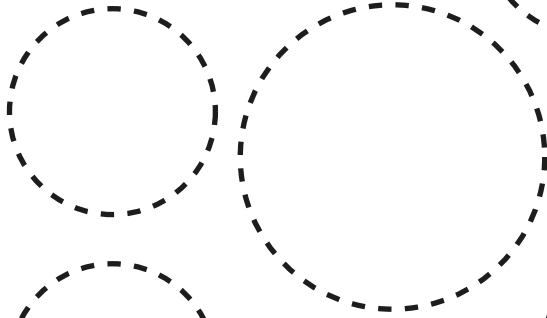

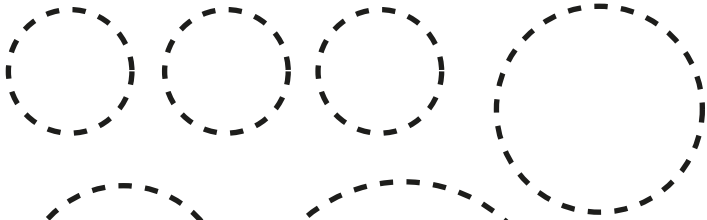

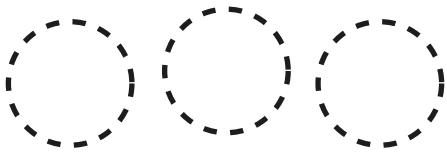

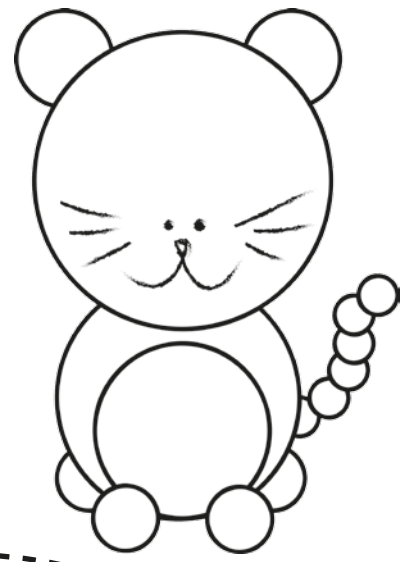

Rectangle Snail

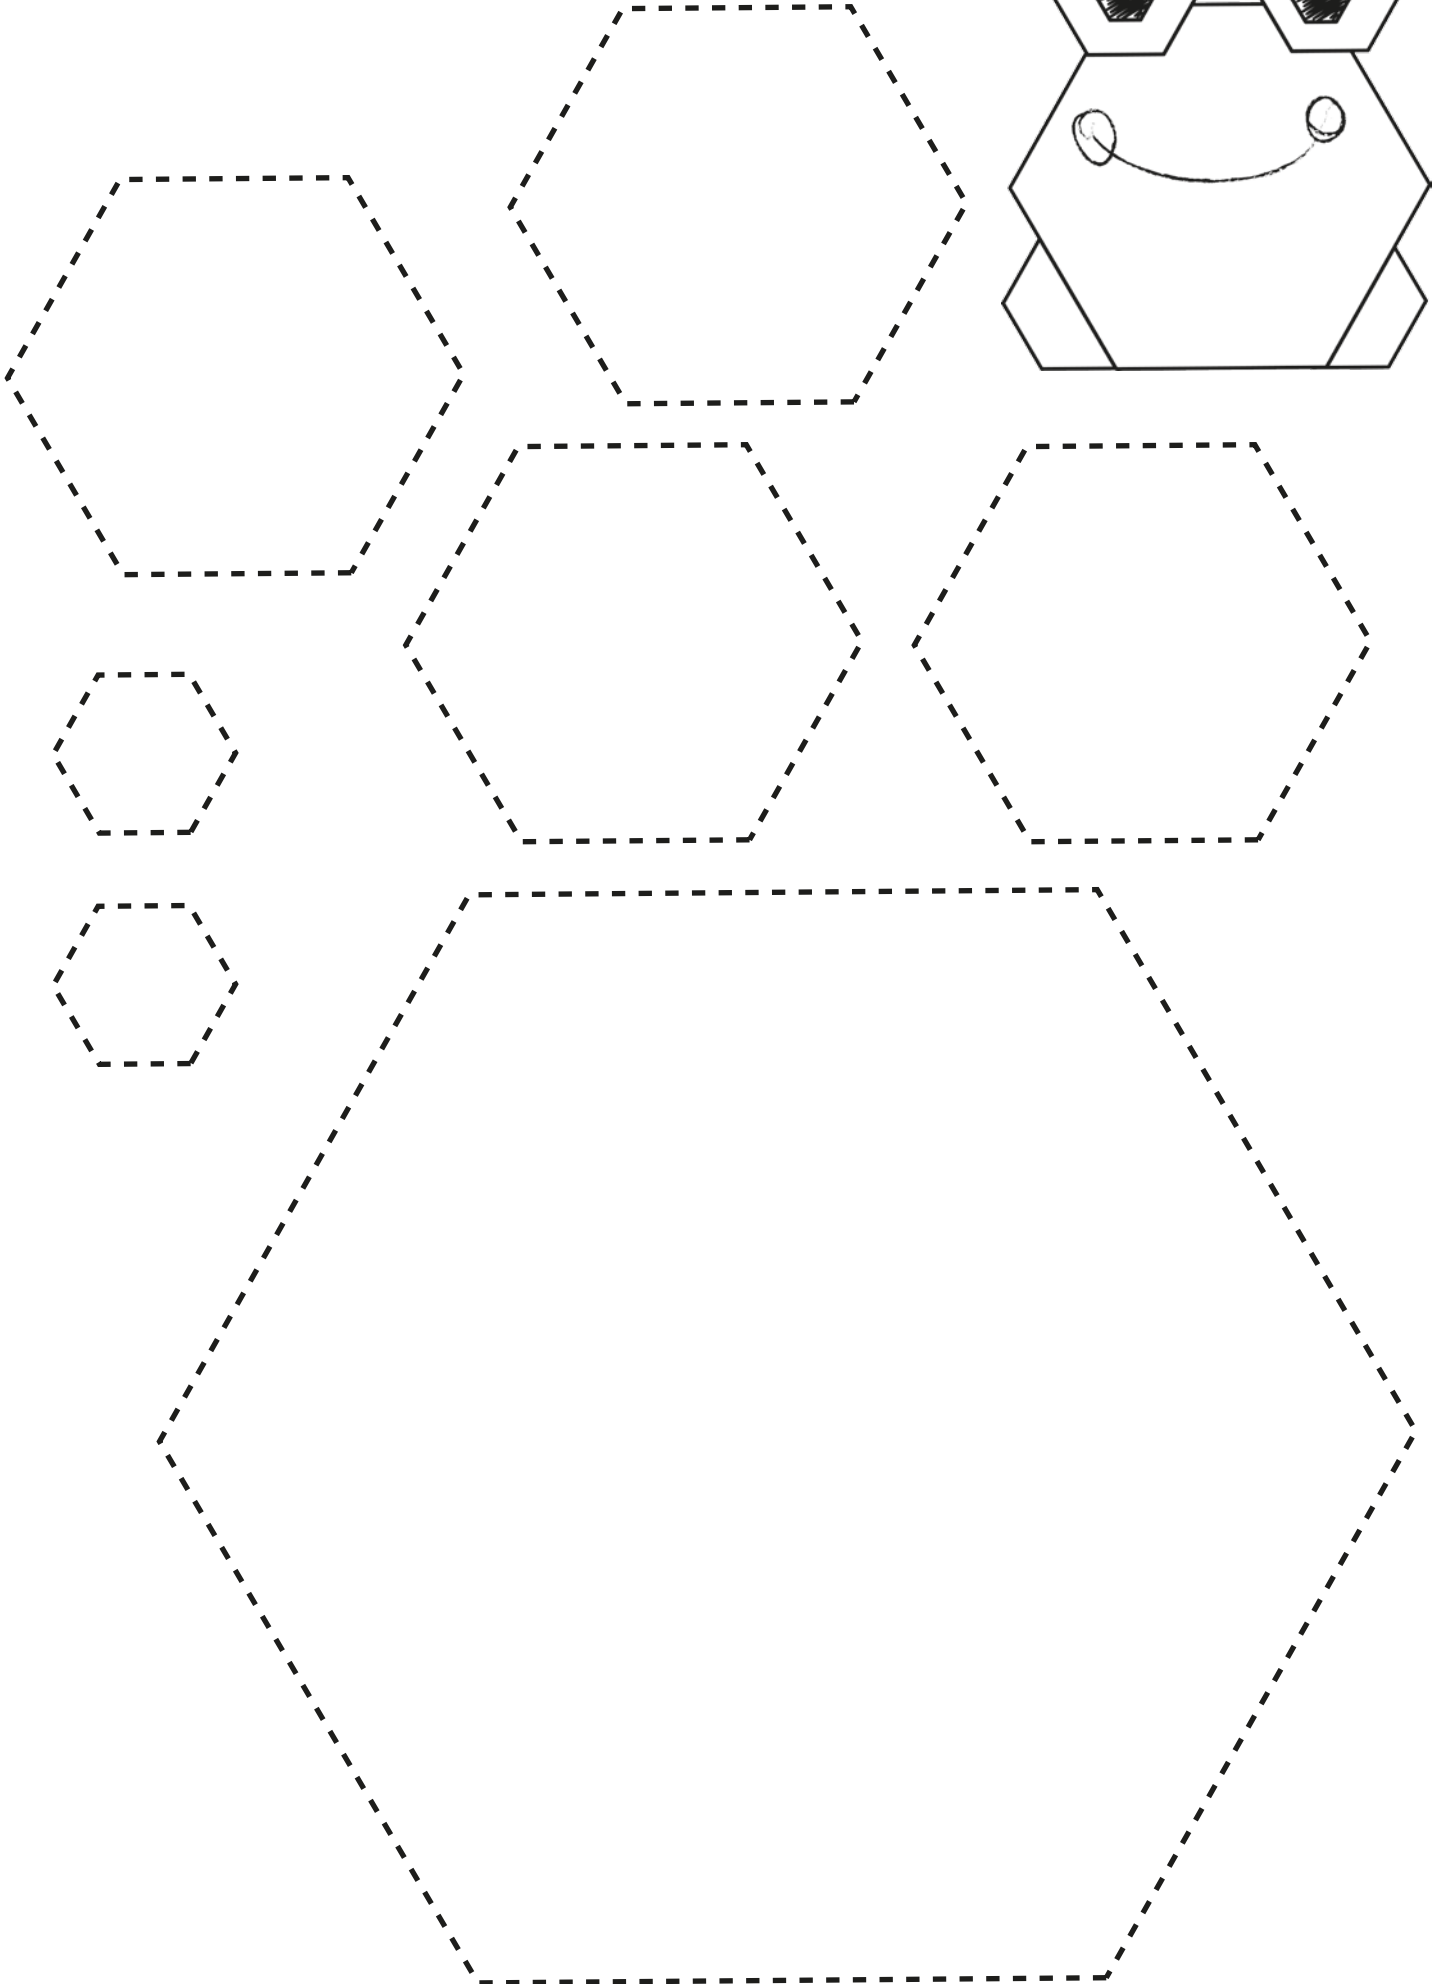

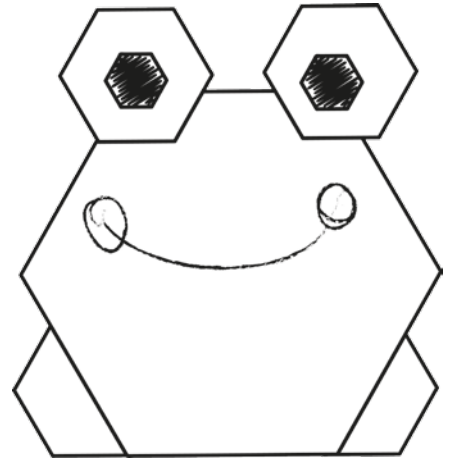

Oval Rabbit

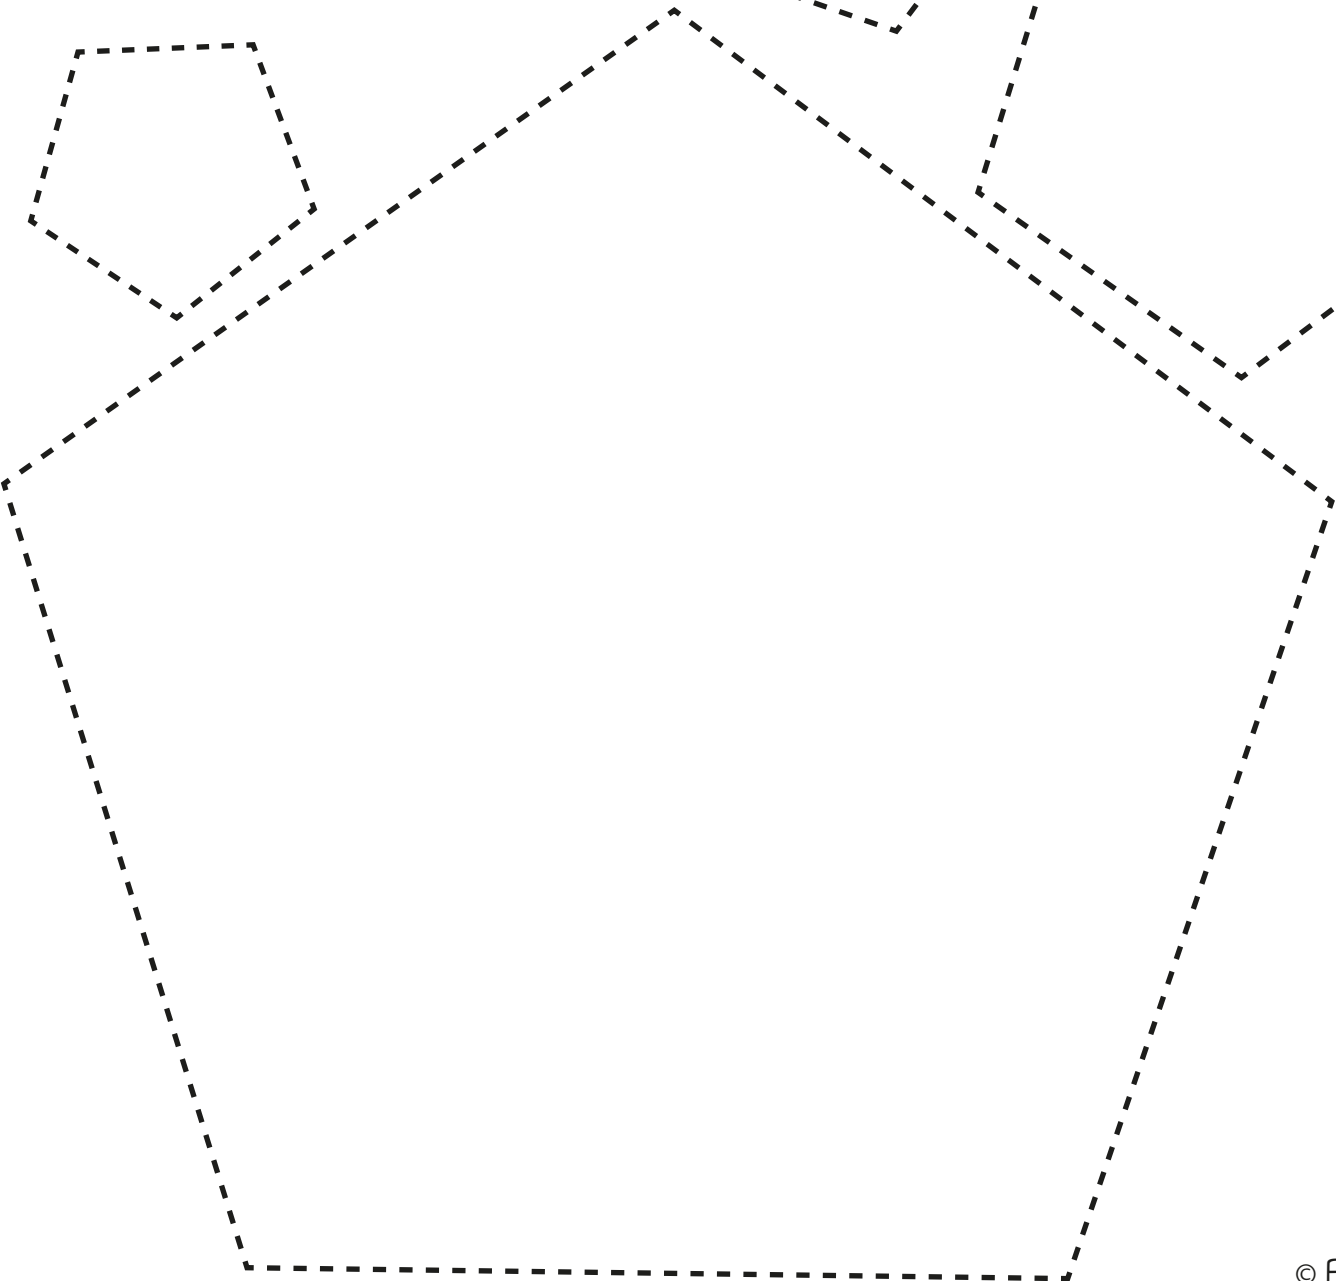

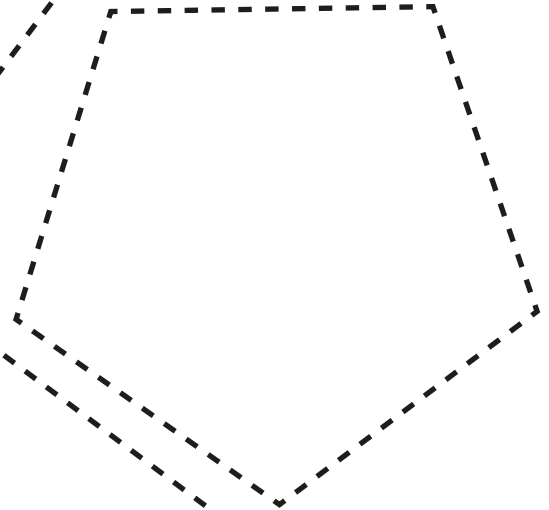

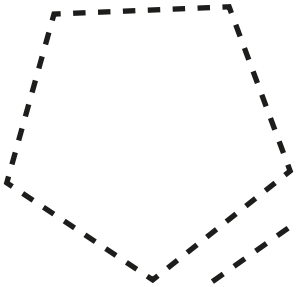

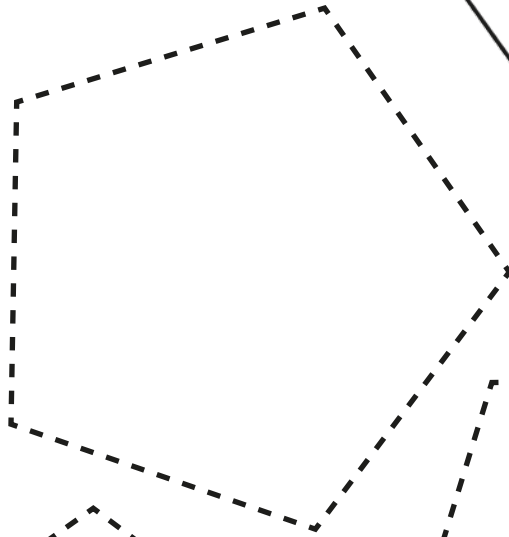

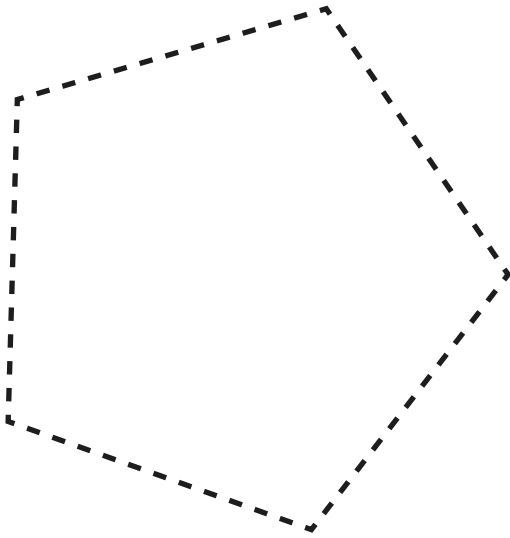

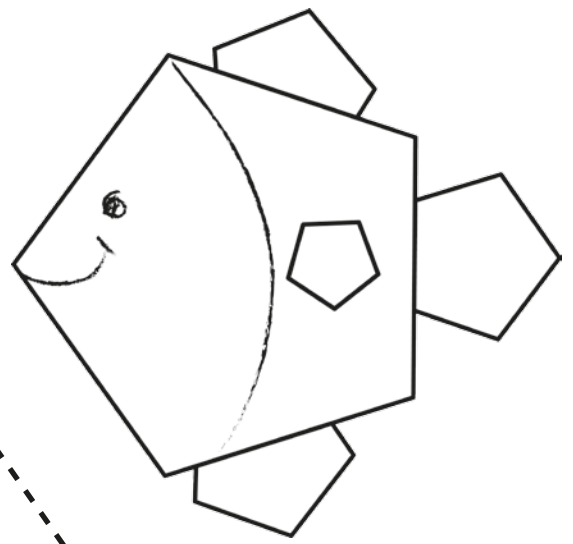

Circle Cat

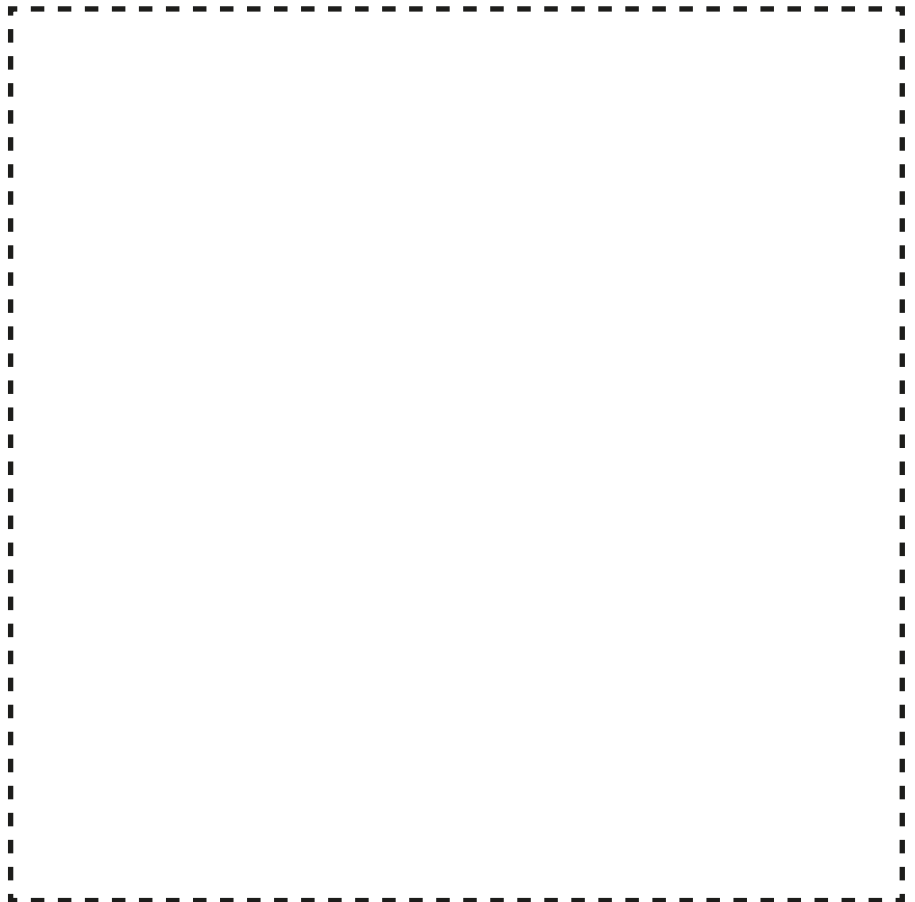

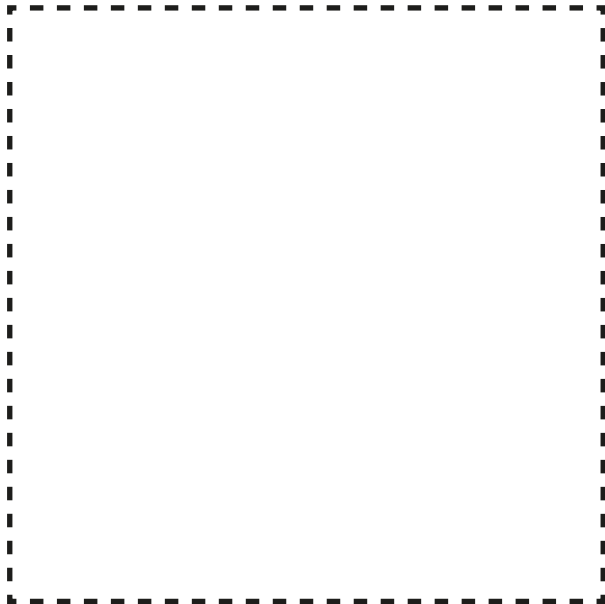

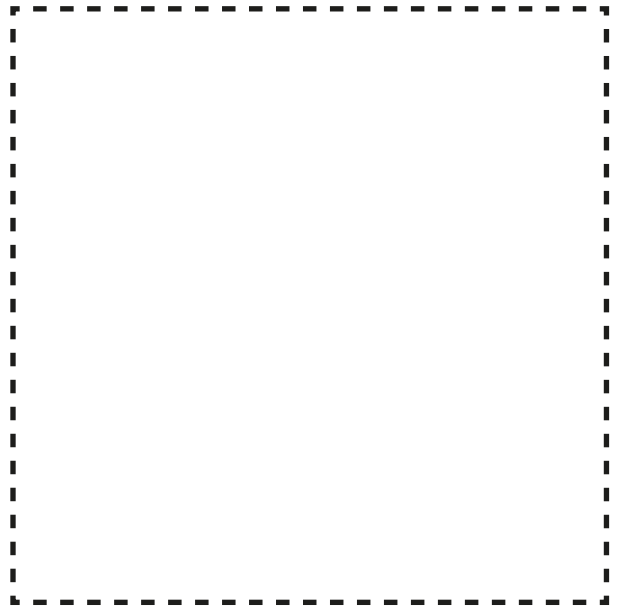

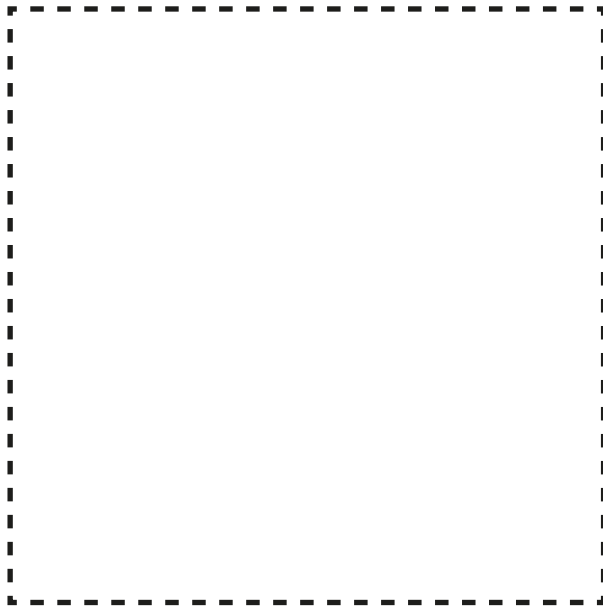

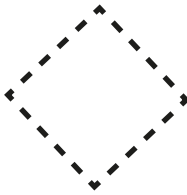

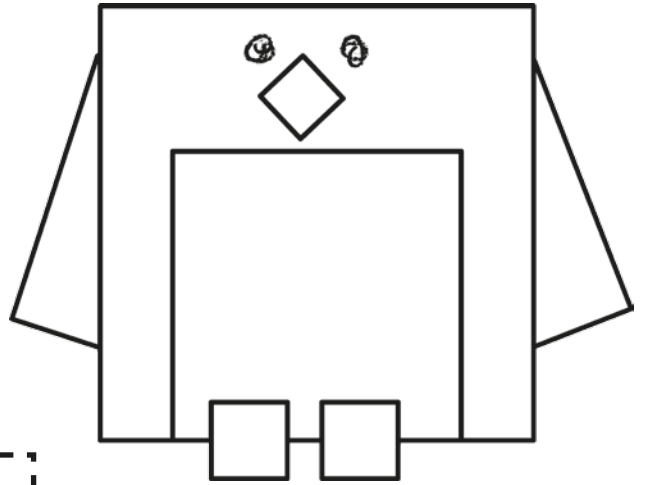

Hexagon Frog

Pentagon Fish

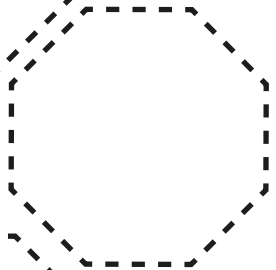

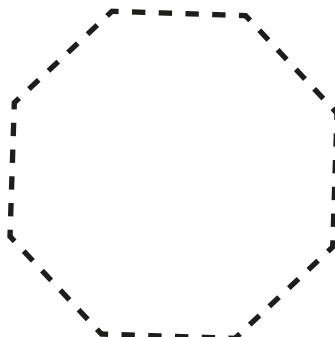

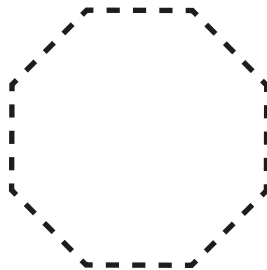

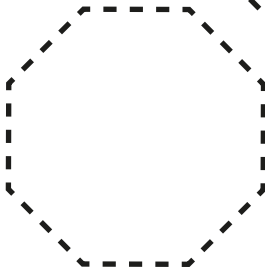

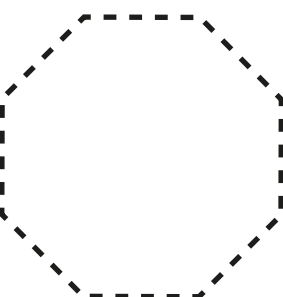

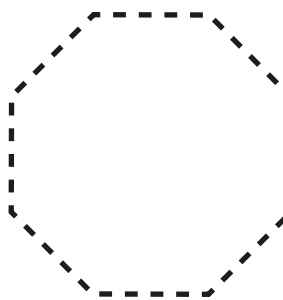

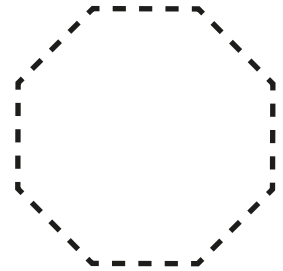

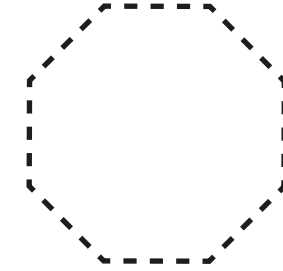

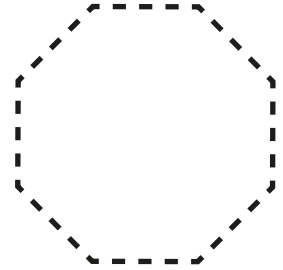

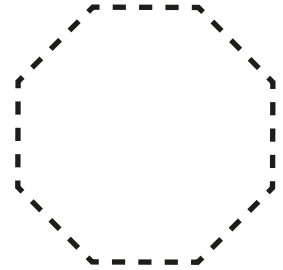

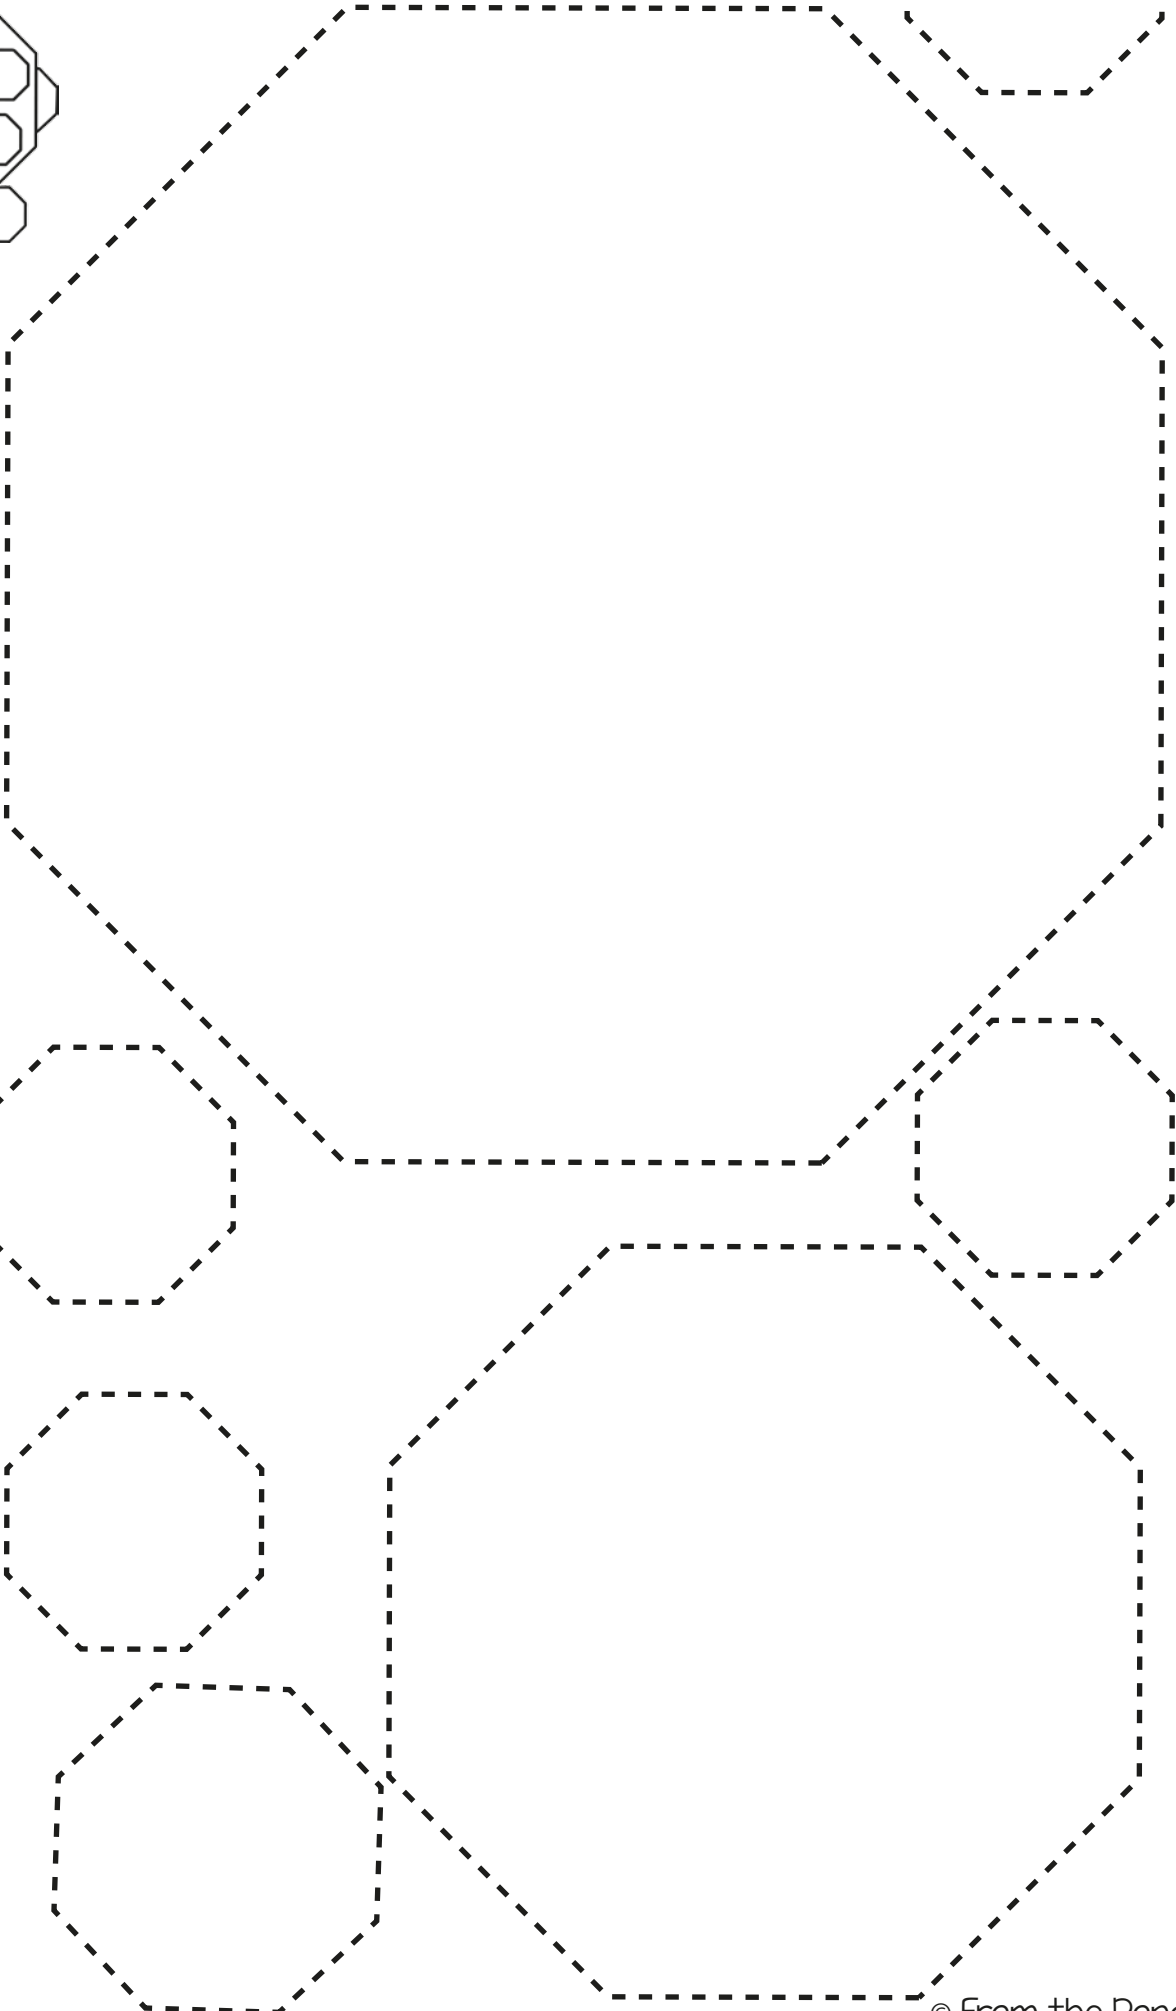

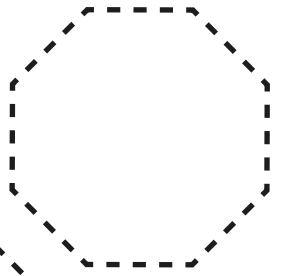

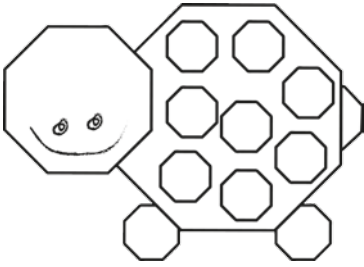

Square Bird

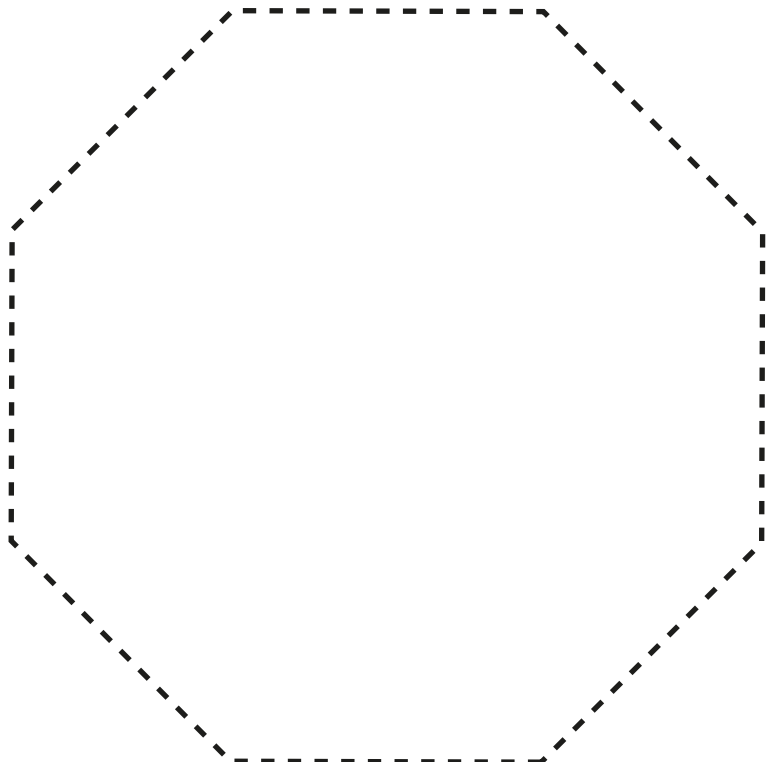

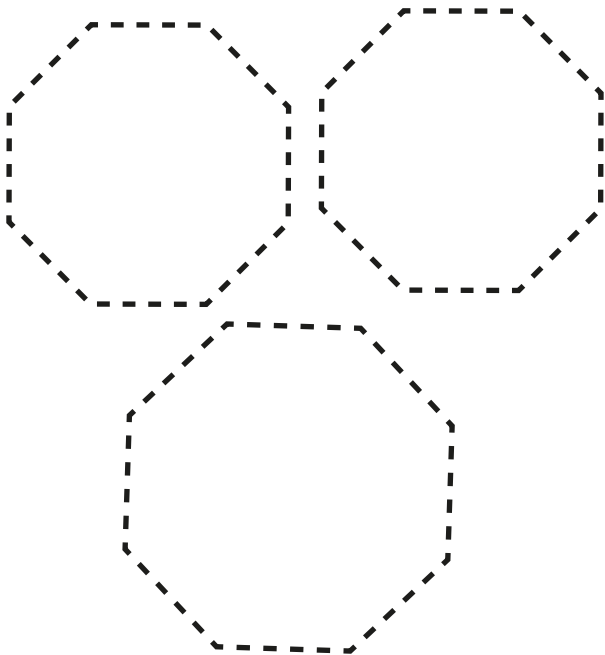

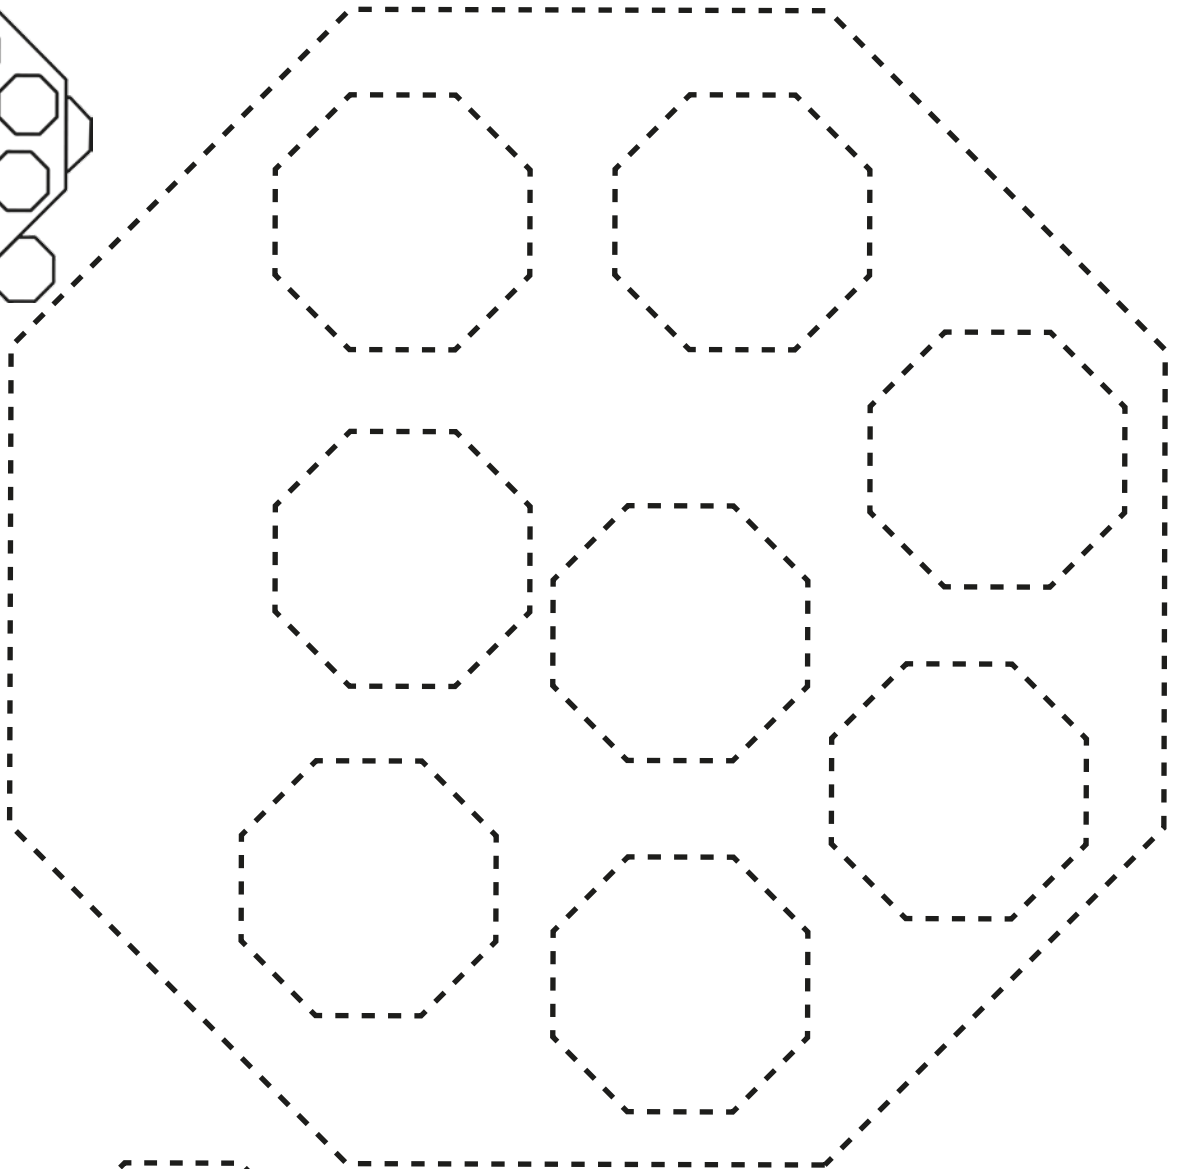

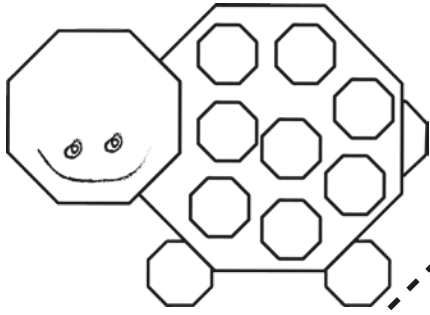

Octagon Turtle

paste the octagons on shell

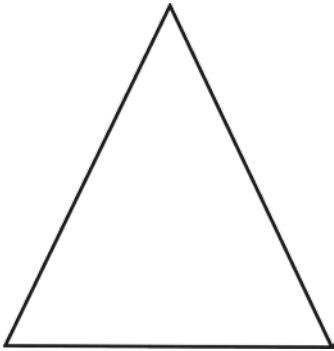

Octagon Turtle

trace the octagons on shell
