

SPRING BUTTERFLY

PROJECT SHEET

You will need a paper towel core/cardboard inside for this project

1. COLOR the butterfly (3 pages- #18,19 & 20)
 - ✓ Use markers, crayons & colored pencils.
 - ✓ WINGS- are **symmetrical** both sides should MATCH, color with a color scheme.
 - ✓ Pg. 20- you can color with the SAME color scheme or choose another, but the parts are SYMMETRICAL.
 - ✓ *Requirement- add PATTERNS in at least (minimum) **3 areas** (any page).

COLOR SCHEME (primary, secondary, intermediate, warm, cool, monochromatic, complementary colors, analogous).

2. CUT
 - ✓ Carefully cut out all of the parts on pages 18-20. Leave the black line, DON'T cut it away !!
 - ✓ Clip your parts together with a paper clip.
 - ✓ Cut out a big set of butterfly wings using a pattern from the back counter and a sheet of large colored paper. What color would look good with the COLOR SCHEME you are using ??
 - ✓ Store everything in your personal folder.
3. PAPER TOWEL CORE-
 - ✓ Roll your paper towel core in a piece of small colored paper. Do you want it to go with the rest of your butterfly or POP ??
 - ✓ Then STAPLE together.
 - ✓ Punch 2 holes with a hole punch . . . see examples posted so you don't make a mistake.
 - ✓ Make antennas out of 1-2 pipe cleaners (be creative !!), you may add 2-4 beads to add personality.
4. GLUE all of the parts together
 - ✓ The wings you colored in get glued to the big construction paper wings. Look at the examples, **you want them to flap free.**
 - ✓ Pg. 20 parts get glued to the wings you colored in and **flap free** and also to the **front** of the paper towel core.
 - ✓ The paper towel core gets glued to the wings, look at the examples.

**THERE ARE POSTED EXAMPLES.
