

STUDIO ART WORKPLAN

As a reminder, all students/ALL COHORTS should attend our TEAMS meeting EVERYDAY. If you are working from home for any reason . . . you are expected to login, participate in class, share a photo of your work in the TEAMS chat stream (so you can receive your point for daily attendance) and then submit finalized work to Google Classroom for a grade. If you are late to class (after the first 5 min./2 min. for a 15 min. FLEX Wed Meeting) you will have to patiently wait in the lobby, begin your work and I will admit you as soon as possible. Submit your questions to either the private or public TEAMS chat stream . . . Google Classroom is for asynchronous work.
