

## TODAY'S AGENDA: September 16th

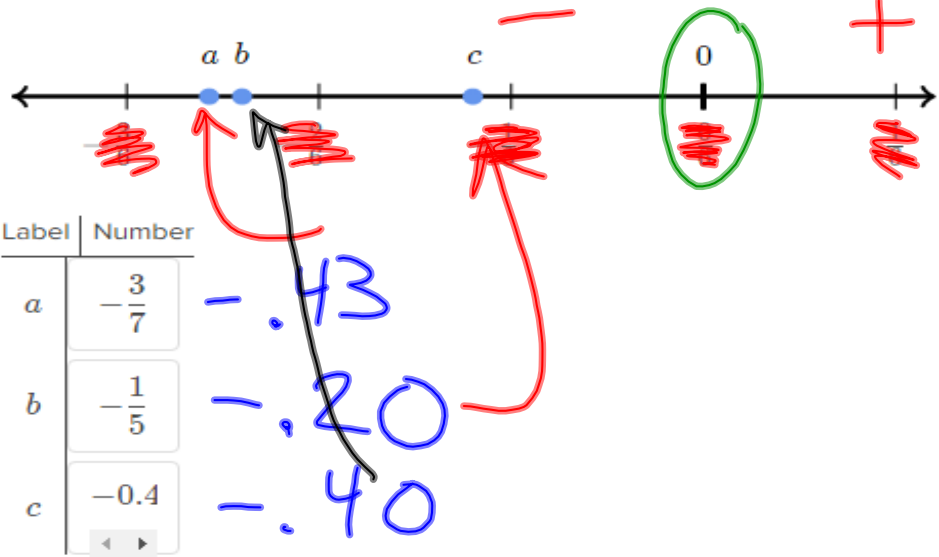

- Begin working on Khan Academy Mission
- If you have not created your account and logged in, please see me.

### Comparing Rational Numbers

Rational #'s: any number  
can also be a decimal that can be  
written as  $\frac{a}{b}$

Irrational #'s: non-repeating  
decimals

Match the numbers with the correct label.

	Meat ingredients	Non meat	Total ingredients	
Recipe 1	2	2	4	2/4
Recipe 2	4	3	7	4/7
Recipe 3	3	2	5	3/5

Order the recipes by the percentage of meat ingredients from least to greatest.
