Dear Health Care Worker,

Sincerely,

WELCOME and THANK YOU

Thank you so much for downloading this free product! I hope you find it to be a great SEL activity for your students during this difficult time. Now more than ever, it is so important to be thanking our local heroes for all they do for our community.

Students can print out these pages to write letters to their local heroes, as well as three different thank you cards per hero (black and white, color, and ink-saving color).

Feel free to delete this page before sending to students :)
