

Hydroponics Garden Tower

Let's Us Grow Different Kinds of Lettuce

Feb. 1, 2023

Ms. Clement and her students complete set-up of our Garden Tower in the YMA Library.

Feb. 17, 2023

Varieties of lettuce are beginning to grow as we learn about hydroponics.

Feb. 27, 2023

After ten days we can observe and document how much our lettuce has grown.

March 6, 2023

After a month of growing we are ready to cut, wash, fix and eat our first salad.

Hydroponics Garden Tower

Let's Us Grow Different Kinds of Lettuce

March 9, 2023

Ms. Abramov's students examine our crops for the last time.

March 9, 2023

Melinna, Steve, and Erjon cut lettuce for our Lettuce Celebration.

March 9, 2023

We grew enough lettuce to feed 50 students and staff members.

March 10, 2023

The growing cycle begins again and we'll be watching.
