September 2019

Dear Parents/Guardians:

Roosevelt High School Early College Studies understands and respects that students need their cell phones when traveling to and from school, however, due to the increased disturbances of classroom instruction from cell phone use, I am asking you to please inform your child that all phones must be turned off during class time.

Students who are not cooperating with this policy will be referred to their grade level administrator. I appreciate your assistance with regard to the aforementioned.

Sincerely,

Edward DeChent

ED/mm
