

## Welcome Second Grade Students and Parents 2024-25

We are excited for the new school year! The Second Grade is a year of tremendous growth, both academically and socially. From the first day of school, we will be building our classroom routines and establishing our community learning. Communication is key for us to properly advocate for all our students. Please do not hesitate to email your child's teacher with any information.

We will provide detailed information at the School's Open House about our individual classrooms. The supply list was distributed as early as possible in hopes students are ready to learn day one upon our return. Please do your best to obtain these tools for your children.

We look forward to a great start and wonderful partnership this school year!
