General Information on

New York State TASC™ Test Taking Processes

Applicants under Age 19 (Maximum Compulsory School Age Attendance):

Applicants who are age sixteen (16) or seventeen (17) on the first day of testing are required to meet "maximum compulsory school attendance age" requirements. Applicants reach "maximum compulsory school attendance age" when the school year in which they turn sixteen (16) years of age has ended (June 30). In New York City, and in some other public-school districts in New York State, applicants reach "maximum compulsory school attendance age" when the school year in which they turn seventeen (17) years of age has ended (June 30).

In addition to meeting "maximum compulsory school attendance age" requirements, applicants who are sixteen (16), seventeen (17) or eighteen (18) years of age on the first day of testing must meet age eligibility criteria and are required to mail the appropriate attachments to the Test Center with this application. Applicants age nineteen (19) and over do not need to meet age eligibility requirements.

Testing Accommodations:

Applicants may request testing accommodations if they have a documented disability. Applicants wishing to request testing accommodations must mail their request and supporting documentation (IEP and/or medical documentation to DRC for review and decision. For information see: TASC Test Accommodations for Disabilities. If approved for testing accommodations, applicants must provide the Test Center the TASC Accommodations Approval Letter before being scheduled to test. Once applicants are approved for testing accommodations, they do not need to reapply for the same testing accommodations, but it is very important to keep a copy of the Accommodations Approval letter in case it is necessary to retest.

After Applying:

Once applicants submit this application, proof of residency, age eligibility attachment (if applicable) and testing accommodation approval letter (if applicable) to the Test Center, they will receive a testing ticket for Computer Based testing (CBT) or an admissions notice for Paper Based testing (PBT) which indicates the location, testing date(s), and testing times of the scheduled TASC™ test.

Applicants must bring their admission notice or testing ticket to the Test Center together with two (2) forms of identification (one with a current photo) on each day of testing and must follow all testing rules, regulations and testing policies and procedures established by the Test Center.

Applicants must take each scheduled subtest. DRC then scores each of these subtests. The unofficial scores for each subtest can be viewed by examinees on the DRC student portal if they have previously provided a valid email address. They may also check the NYSED Status Report to determine if an actual document (diploma or transcript) was produced. The Status Report provides data on whether an examinee has obtained a high school equivalency diploma.
