

Dear Parents and or Guardians,

We hope you had a wonderful summer and are ready for an exciting school year. We want to take this opportunity to introduce ourselves to you. We have the pleasure of teaching your child at Westchester Hills School 29 for the upcoming school year. We look forward to working closely with you to give your child everything he or she needs to succeed. Working together will have a positive effect on all of us. If you need to contact us at any point during the year, you can call the school at 376-8585 and leave a message or email Ms. Travin at etravin@yonkerspublicschools.org ; Ms. Menchinella at jmenchinella@yonkerspublicschools.org. We will get back to you as soon as possible. We look forward to meeting all of you.

Sincerely,

Ms. Travin

Ms. Menchinella

* As an incoming fourth grade student, you MUST be proficient in your multiplication tables 0-12. Parents, it is extremely important that your child has mastered his or her multiplication tables, as these are crucial to the foundations of fourth grade mathematics. Using multiplication flashcards is a great way to review these facts. You can make them using index cards, purchase them at any dollar store/ Walmart/Target or get them online at www.mathfactscafe.com (free).
