Women’s History Month celebrates Eleanor Roosevelt. Today we have Ellah Todd to speak about Eleanor Roosevelt and today’s quote for women’s history comes from Former First Lady Eleanor Roosevelt. “You can often change your circumstances by changing your attitude” She means that outcomes are often determined by our outlook. Eleanor Roosevelt was an American political figure, diplomat and activist. She served as the First Lady of the United States from 1933 to 1945 during President Roosevelt’s four terms in office. She advocated for expanded roles for women in the workplace, the civil rights of African Americans and Asian Americans, and the rights of World War II refugees. Following her husband's death in 1945, Roosevelt remained active in politics for the remaining 17 years of her life.
