In March we celebrate Women History month with women from all walks of life, strong women and powerful women who change the course of history with their work. Molly McClafferty would like to share information about Amelia Earhart. Hi, my name is Molly McClafferty, and today’s quote for women’s history comes from Amelia Earhart. She said, “Women, like men, should try to do the impossible. And when they fail, their failure should be a challenge to others.” We have an obligation to ourselves to do the best we can. Amelia Mary Earhart was an American aviation pioneer and author. Earhart was the first female aviator to fly solo across the Atlantic Ocean. She set many other records, wrote best-selling books about her flying experiences, and was instrumental in the formation of The Ninety-Nines, an organization for female pilots.

## **AFTER SCHOOL:**
