Room: 209-A

Extra Help Day- Tuesday

Phone: (914)376-8407

Course Description:

- Academic reinforcement, guidance and scheduling, preparation for Regents/PSAT and SAT's.
- Assistance with organizational skills, study skills, and research skills.
- Individualized instruction as needed.

Related Standards:

- Students will be able to use problem solving and critical thinking skills as well as technology to successfully meet the challenges of a high school curriculum.

Homework Policy:

- Review of homework assignments given by core/ non-core academic subject teachers.

Attendance Policy:

- It is important to attend and participate in class discussions and activities. Students must follow the district's attendance policy in order to earn credit for coursework.

Assessment:

- Attendance, academic assignment completion, Regents results, midterm/final exams, final class grades.

Literacy and Mathematical Component:

- Development of organizational skills, study skills and vocabulary skills that will assist with grade-level reading comprehension and writing skills in core subjects. Students will also develop problem solving, analytical, and critical thinking skills.
- Review and practice of mathematical skills utilizing strategies to develop higher order mathematical operations.

Classroom Expectations:

- Class expectations include, but are not limited to, being respectful, being on time, and coming prepared to class.

General Information:

- If students are having trouble in any class, they should bring it to our attention immediately- we can work with them!...If they wait until the end of the marking period, it will be **TOO LATE**.
