# Black History Month / African American Heritage Month

*Chinese New Year* ~ February 1st  
Lunar New Year is celebrated in many East Asian  
and Southeast Asian countries & communities.

Groundhog Day is a popular North American tradition observed in the United States and Canada on February 2. It derives from the Pennsylvania Dutch superstition that if a groundhog emerging from its burrow on this day sees its shadow due to clear weather, it will retreat to its den and winter will persist for six more weeks; if it does not see its shadow because of cloudiness, spring will arrive early.
