

CLEAR THE VAPOR CONVERSATIONS

WHEN CLOUDS COLLIDE: VAPING AND THE TEEN MENTAL HEALTH CRISIS

**FEATURING CHILD PSYCHIATRIST SARPER TASKIRAN, MD
FROM CHILD MIND INSTITUTE**

MONDAY, MAY 19 | 7:00 PM EST | ZOOM

Join us for an eye-opening webinar featuring Dr. Sarper Taskiran, a leading child and adolescent psychiatrist from the Child Mind Institute, who brings deep expertise on the intersection of youth mental health and nicotine addiction.

Dr. Taskiran will unpack how vaping is not only harming young people physically—but also contributing to the youth mental health crisis. Learn how nicotine impacts the developing brain, why teens are especially vulnerable, and what families and communities can do to protect them.

Don't miss this opportunity to get informed, ask questions, and leave with actionable tools. [Register today by clicking here](#) or using the QR code above.
