**9:45 – 10:30 AM: School Orientation Program**

Students and their parents or guardians are invited to the student's assigned elementary school for the District's School Bus Safety And School Orientation Program.

The morning begins with a tour of the yellow bus, which will be parked outside. The bus driver will guide visitors through school bus safety procedures and information and allow students to practice daily routines like putting on a seat belt and using the handrail.

At 9:45 a.m., the building principal will welcome families into the school for a brief orientation program.

**For further information about the program,  
please contact the main office of your child's school  
or the Transportation Department at 376-8015.**
