December 2018

Dear Senior:

You hold in your hands access and opportunity to increase your college options and decrease your financial burden. The Yonkers Public Schools Citywide Scholarship Book offers you these possibilities. The District compiled a comprehensive resource of Yonkers scholarships available to the Class of 2019.

The scholarships within are sponsored by community organizations and individuals that believe in Yonkers young adults and want them to excel in college. Each of the sponsors will make the final determination as to award recipients. These scholarships augment countless other state, national and college funded opportunities available to graduating seniors.

Scholarships provide you with financial support, help you gain entry into selective colleges and universities, indicate that you stood out among your peers and recognize your hard work throughout high school. Therefore, it is important for you to carefully review this book with your parents/guardians and do online research for scholarship opportunities. Be sure to talk to your school counselors, they will guide you in writing for scholarships as well as completing the diverse forms of financial aid assistance.

The Naviance program (www.naviance.com/) is a useful tool for college and scholarship searches, and, more importantly, the completion of online scholarship applications. Use your Naviance accounts to support you throughout the college process. If you do not have access to your log-on information, see your school counselor in the Guidance Office.

The Yonkers Public Schools is ready to work with you and your family to achieve your career and college goals. Our schools are educating students to meet the challenges of an economically competitive, technologically advanced, culturally diverse, and knowledge-based 21st century society. This book is one of many tools available to help you achieve a meaningful post-secondary education.

Best wishes for your continued success.

Sincerely,

Dr. Edwin M. Quezada

APPLICATION DEADLINE: February 8, 2019

**ADDRESS BY DR. PAUL M. MITCHELL, SUPERINTENDENT OF SCHOOLS
TO THE YONKERS PTA COUNCIL OCTOBER 23, 1968 AT ROOSEVELT HIGH SCHOOL**

In addition to courage and wisdom in innovation, a school district must also have a source of stability and vitality; a source which can be used as a yardstick to measure its educational progress. I believe these ideals, beliefs, and traditions, which are interwoven in the American Creed, constitute that source. The Creed is still a core of commonly accepted working principles, not absolute and subject to different interpretations, but it has enough uniformity of meaning to be used as the moral basis of social justice and as a guide to social direction. I believe this uniformity of meaning would be found in the following beliefs:

A belief that all human beings are of supreme and equal moral worth;

A belief that human beings should be the architects of their own destiny;

A belief that the state is a creation of the people and subservient to them;

A belief that human intelligence can build a better world;

A belief in the rule of self-imposed written law;

A belief in the rule of the majority with the protection of the minority;

A belief in the rights of peaceful social change;

A belief in the right of the individual to be free in all respects not harmful to the common good;

A belief in the rights of the individual to expect reasonable economic security.

In a time of which it is said that no man who is born today will die in the same world into which he was born, these beliefs can make it possible for a man to stand with his feet anchored in unshakable convictions; to breathe in an atomic atmosphere laden with change and with portends of greater change yet to come; and to reach into the unknown. He will be able to reach with the confidence that he can mold from the chaos of value conflicts, a foundation; even different from his own if need be but one upon which his sons may stand with the confidence and understanding necessary to go forward.
