4. Check the box next to each of the assignments you wish to pull into your assignments folder

- [NYS Regents Living Environment 2015-06](#)
- [NYS Regents Living Environment 2015-08](#)
- [NYS Regents Living Environment 2016-01](#)
- [NYS Regents Living Environment 2016-06](#)

5. Scroll to the top or bottom and select **Import**
6. The Regents Exams will appear under the course that was specified  
**Example:** A Geometry Regents will be found in the course Math. You can use the pencil to edit and under the Modify Assignment options use Reclassify to Another Course and choose Geometry
7. Assign to students
8. Review the results in **Assignments** (Assign/Monitor) and/or in **Classes** (Sessions & Reports)
9. Use the results to create additional practice and review where needed - create assignments selecting specific standards or topic
10. Use **Reports/Growth Report** if you want to compare a pre and post assessment
