 <b>INCLUSION</b>	<b>ATTENDANCE &amp; TARDIES</b>
<p>Our class will be one where everyone belongs and everyone learns. This means that all of our interactions will be respectful of diversity: culture, nationality, race, ethnicity, disability, economic status, religion, gender identity, and sexuality. Our learning environment will be one of trust and safety. I encourage you to get to know and learn from each other. We are all different, and these differences will make this class better.</p>	<p>It is imperative that you are in class everyday. If you miss class, it is your responsibility to find out what you missed.</p> <p>Following NYS credit guidelines, if a student misses more than 20+ class periods, they may be ineligible to receive credit for the class. Missing over 15 minutes of class will result in an absence. Continued absences or tardiness will lead to a conference with a parent or administrator.</p>

## CONDUCT & DISCIPLINE POLICY

Students are expected to behave in class and online in a polite, respectful manner that does not violate the **YPS Code of Conduct**. In addition to being respectful of others, students should be on time, on task, and prepared to learn every day. Take responsibility for your own learning and have a positive attitude. Always do your best and encourage those around you to do the same!

## ACADEMIC INTEGRITY

All work in this class is expected to be your own, completed by you for this class. If you receive help from an article, book, website, another person, etc., you must indicate that on the assignment. This is known as citing your sources. When you take credit for someone else's work, it is **plagiarism**. If you are ever unsure about whether you have correctly given credit to a source, please ask, and I will help you.

## AI USAGE

We will embrace the responsible use of AI as a learning tool while maintaining academic integrity. For each assignment, I will clearly specify the allowed level of AI usage, ranging from no AI use to full AI collaboration. When AI is used, you must always cite this assistance, provide links to AI interactions, and include your original work. You are expected to follow these guidelines and be prepared to discuss and evaluate AI contributions. This policy will help you learn digital, proper citation practices, and critical thinking while you develop essential writing and analytical skills. Remember, the goal is for everyone to learn and grow in their abilities.

“ Every day is a new adventure. Be curious, be brave, and never stop learning! ”
